Sir,

1 December 1868.

I HAVE the honour to forward herewith, for the information of the Lords of Her Majesty's Treasury, an Estimate of the sums that will probably be required to defray the expenditure of this Office for the public service during the ensuing financial year 1869-70.

My explanatory letter will be much briefer than usual. There are only three or four items in the Estimate that seem to call for remark.

A somewhat smaller sum than usual will suffice under this head, in consequence of the retirement of the Chief Clerk, and of a clerk who had reached the maximum on the first class, and the recent death of another, whose place I do not at present intend to fill up. In fact I have replaced three seniors by two juniors. Salaries.

I must make a somewhat increased provision for paper, parchments, and binding; partly to meet the gradual and inevitable growth in the demands of Public Departments from year to year, to which I have often had occasion to advert, and partly to meet the recent advance in the price of paper, which has been observable during the current year, and will probably continue and augment. Paper, &c.

It will be observed that the Estimate for Stores is about 4,000 *l.* less, and that for Stationery Office Publications 4,000 *l.* more than last year. This is a mere matter of transfer of accounts. In future we shall have to charge to Stationery Office Publications the cost of the books published under our superintendence and supplied to Government Departments, which have hitherto been debited to those Departments as Stores. Stores.

This is an item which must always be more or less conjectural, as the demands of the several offices fluctuate considerably, and the fluctuations can rarely be foreseen. In the current year, owing chiefly to an unusual amount of work done for the Patent Office—which, however, is ultimately recouped to the country by the payments of Patentees, and by sales of Specifications to the public*—our expenditure will materially exceed the Estimate; and I do not think it would be safe to ask for less than 82,000 *l.* for 1869-70. Printing for Public Departments.

It is, as their Lordships are well aware, quite impossible to calculate with any great approach to accuracy the sums that may be needed to defray the expenditure which is ranged under this head,—comprising, as it does, not only the printing ordered by the two Houses of Parliament, but the returns and “Command Papers” presented by the Government Departments, and the Reports of Special Commissions. These last constitute a particularly uncertain, fluctuating, and unforeseeable item, both because the Commissions are often appointed after the Estimate for the year is sent in, and because their reports are often so much more voluminous than could be anticipated. Thus, during the current year no fewer than 10 new Commissions of Inquiry were appointed, and our expenditure under this branch alone will reach 18,000 *l.* A new Parliament generally involves a large outlay on account of the evidence taken before Election Committees; but, as the jurisdiction in these cases has now been transferred to the Judges of the land, it is expected that the evidence will be less voluminous than formerly, and also that only a small portion of it may be ordered by the House of Commons to be printed. But the expenditure for Parliamentary printing as a whole will this year so far exceed my anticipation—the demands of the last Session of the expiring Parliament having, contrary to the usual result, been as heavy as in ordinary Sessions—that I do not think it would be safe to ask for less than 82,000 *l.* for the ensuing financial year. Parliamentary Printing.

Both the gross and the net cost per cent. of the business transacted by this office for 1867-8 are slightly in excess of the preceding year; partly because the aggregate sum controlled is smaller, and partly because the salaries of the several classes of clerks had in nearly every case reached their maximum. Next year there will be a reduction, in consequence of the retirement of some of our most highly paid *employés*.

	Total Expenditure Controlled.	Gross Cost of Establishment.	Rate per Cent.
	£.	£.	
1864-65 - - - -	444,800	17,800	4
1865-66 - - - -	448,200	18,600	4.15
1866-67 - - - -	566,985	19,904	3.51
1867-68 - - - -	559,177	20,443	3.65

	Parliamentary and Government Expenditure Controlled.	Net Cost of Establishment.	Rate per Cent.
	£.	£.	
1864-65 - - - -	360,500	16,000	4.43
1865-66 - - - -	352,300	16,350	4.63
1866-67 - - - -	393,581	16,066	4.08
1867-68 - - - -	392,493	17,482	4.45

But

* See the Accounts annually rendered to the House of Lords by the Commissioners of Patents.

But I may observe, in passing, that an augmentation in these per-centages by no means necessarily indicates an increased cost to the public, nor a diminution the reverse. Often, in fact, the legitimate inference, it is obvious, might be the other way; since, if, by a more numerous staff, or a more highly paid and better qualified one, we could save 30,000 *l.* in our average expenditure by adding 3,000 *l.* to our outlay for salaries and incidents, the public would effect a large economy, while paying a higher rate of commission.

The really important comparison to make—that which most truly conveys to the public mind the essential facts of the case—is, I need scarcely point out, the *net* expenditure of each year as shown by my Annual Balance Sheet. This, I am happy to say, notwithstanding the increasing demands of the public service, has, by unremitting vigilance, been prevented from swelling nearly as much as might reasonably have been feared. Last year shows even a considerable reduction, as will be seen by the following comparison:—

						GROSS.	NET.*
						£.	£.
1864-65	-	-	-	-	-	360,557	277,395
1865-66	-	-	-	-	-	352,347	261,927

1867-68	-	-	-	-	-	392,493	289,475

I have, &c.
(signed) *W. R. Greg*, Comptroller.

The Secretary to the Treasury,
&c. &c. &c.

* The figures in the three first years do not quite agree with those given in my previous letter, owing to the omission of the outlay for Specifications of Patents, printed at the cost of the Stationery Office, but recouped by sales to the public and payments of patentees, an omission which has this year been rectified.

EXPLANATIONS OF ESTIMATE.

(The letters refer to the Sub-Heads opposite.)—

D.—Two of the 75 inspectors represent substitutes for two of the senior inspectors withdrawn to serve on the Commission of Inquiry into Education in Ireland. On the return of the latter gentlemen to duty, the number of inspectors will be reduced to 73. When this occurs, the estimate of 75 inspectors will allow for two new appointments, should they be necessary to meet an increase in the number of schools to be visited.

G.—Pursuant to successive Minutes, of which the first was dated 11th June 1864, the inspection and examination of elementary schools in Scotland has been regulated by the Revised Code, but grants have continued to be paid according to the Code of 1860, to allow time for measures to be taken upon the report of Her Majesty's Commissioners appointed to inquire into the Schools in Scotland.

I.—The numbers, 1,082,322 Day Scholars and 71,987 Evening Scholars, are arrived at as follows :—

	Day Schools.	Evening Schools.
Number of Scholars in average attendance in Schools actually Inspected in the year ending 31st August 1868. This number is the basis of calculating the other figures in these columns - -	978,521	55,154
Add for increase for one year, viz. : 7·33 per cent. for Day Schools, and 20·33 per cent. for Evening Schools - - - - -	71,725	11,214
Estimated average attendance in Schools to be inspected in the year ending 31st August 1869 - - - - -	1,050,246	66,366
In correcting the results of a year ending 31st August 1869, for a year to end 31st March 1870, it is necessary to substitute for five* of the months (twelfths) of the former year, five* other months (twelfths), wherein 1,050,246 Day Scholars are increased at the rate of 7·33 per cent. per annum - - - - -	32,076	—
And 66,366 Evening Scholars are increased at the rate of 20·33 per cent. per annum - - - - -	- - -	5,621
TOTAL - - - - -	1,082,322	71,987

The rate of grant actually paid per day scholar for years ending 31st August, has risen from 8s. 1d. in 1863, and 9s. in 1864-5-6-7, to 9s. 4½d. in 1868. Of this sum, 3½d. has been expended specifically under the Minute† (Mr. Corry's) of 20th February 1867, leaving an increased rate per scholar of 9s. 1½d., as compared with 9s. in several preceding years, to be accounted for chiefly by the indirect operation of the same Minute. Mr. Corry's Minute was so framed‡ as necessarily to produce very much less than its full financial effect in the year (ending 31st August 1868) on which the present Estimate is calculated. Added to which it is found that a greatly increased proportion of the schools which failed in their first year of trial under the Minute succeed in their second. The increase, therefore, of 3½d., found to be directly due to this Minute in the past year, has been estimated at 7d. for the coming year, and the increase judged to be indirectly due to it at 2½d., the result being 9s. 1½d. + 7d. + 2½d. = 9s. 11d.

The rate of grant per evening scholar for the years ending 31st August was 5s. 9½d. in 1865, 5s. 8d. in 1866, 6s. 3d. in 1867, and 6s. 4½d. in 1868. The rate of 6s. 6d. has been adopted for the year ending 31st March 1870.

K. (See Sub-Head K., page 236.)—Building and Furnishing of School Premises :

The expenditure for *Building* in the year ending 30th September 1868, was 172,785 l. 11 s., viz. :—33,249 l. 4 s. 4 d. from the public grant, and 139,536 l. 6 s. 8 d. subscribed. The result of this expenditure was 193 new schools, and 73 teachers' residences were built, 71 schools were enlarged or improved, and accommodation was provided for 27,536 children, being an increase under each head, as compared with the year ending 30th September 1867, of, granted, 9,756 l. 8 s. 2 d.; subscribed, 44,466 l. 17 s.; new schools built, 59; teachers' residences built, 15; schools enlarged or improved, 14; children accommodated, 7,667.

L. (See Sub-Head L., page 236.)—Annual Grants to Training Colleges :

The Estimate for training colleges is based on a mode of payment noticed in previous Estimates. We have provided for the gradual introduction of a plan, whereby each college will be paid for those only of its students who are fairly launched in their profession as teachers. The principle of our Minute is shortly this :—We assume 100 l. to represent the cost of training a male, and 70 l. that of training a female student, during two years; and we credit the college with five annual payments of 20 l. for each of its male, and 14 l. for each of its female students who, after probationary service as a teacher, obtains one of our certificates; at the same time limiting the total amount of our grant to 75 per cent. of the approved expenditure, and making it dependent upon the number of students for the time being in residence.

* It is sufficient to substitute five instead of seven months at the increased rate, because payment is ordinarily two months in arrear of inspection.

† Now embodied in Code 1868, Articles 46 (b), 54, 90' (1 and 2).

‡ Resolutions IV., V. See Report of Committee of Council on Education, 1866-7.

* The expenditure made from the Parliamentary Grant for Public Education, on account of the Isle of Man, is repaid annually out of the Insular Revenues, not to the Committee of Council, but through the Treasury to the Exchequer.

1.—PUBLIC EDUCATION, GREAT BRITAIN—continued.

The following Tables, published in anticipation of the Annual Report, are confined to Schools aided with Annual Grants in the Year ending 31st August 1868. Within that period 689 other Schools (Institutions), attended by 42,520 Scholars on the day of inspection, were also visited, but the Returns made by the Managers are generally too imperfect to afford a basis for statistical calculations. Where no Grant is depending on the Returns, the completion of them cannot be enforced.

* The Census gives the population only in quinquennial divisions.
† The Age Returns of Scholars do not distinguish ages under four years, nor over 14 years. In the comparison of scholars with population, allowance must be made for a few scholars aged less than three years, and more than 14 years; but the number is insignificant.
‡ The examination of children under six years of age is not recorded.
§ The standards are placed under the years (see heads of columns) in which each is meant to be passed. The marginal subdivisions (under 10 years, over 10 years,) of C, D, and E, show how many children, at the end of the ordinary day-school age, are presented, and fail to pass in each standard.

* The better allowance is 10 feet of internal area per Scholar. On this measurement, the number of Scholars, and the per-centages on the same line, must be reduced by one-fifth part; but eight feet is the common allowance in such calculations, and, therefore, for the sake of comparison, it is retained in the Table.

† Comparing these figures with those above them, it will be seen how the per-centage of Scholars presented for examination exceeds the per-centage of age at which each standard is meant to be passed in the lower standards, and falls short in the higher standards.

* Held in separate buildings and separately managed.

† It must be noted that the figures in this group of columns are confined to those cases in which the *superficial area* of school-rooms has been increased. The total number of schools enlarged or improved includes a considerable proportion of cases in which fixtures, or the like, have been provided *without any extension of area*.

‡ A period of eighteen months from the date of each award is allowed for claiming the payment of Building Grants. Grants for improvement or enlargement may be claimed within nine months from the date of award. Beyond these periods the Committee of Council does not hold itself responsible for payments. From this arrangement it results that a great portion of the Grants for building, enlargement, or improvement paid in each year was awarded in previous years. The grants awarded in the year 1869 amounted to £ 32,423 7 s. 3 d.; of which amount only £ 5,719 13 s. 1 d. was paid within the year; the grants paid within that year (whether awarded within it or not) amounted to £ 34,463 16 s. 5 d.; the grants remaining unpaid, and of which payment may be claimed before 31 December 1869, in addition to those to be awarded within the same period, amount to £ 84,449 3 s. 8 d. The Estimate for Building is framed with reference to all these figures.

2.—SCIENCE AND ART DEPARTMENT FOR THE UNITED KINGDOM—*contd.*

NOTES.

* In addition to 1,200 *l.* as Secretary to the Science and Art Department.

(C.) The number of Visitors to the Museum during the year 1868 has been, in the morning, 599,143, and in the evening, 281,933, giving a total of 881,076 persons. Since the opening of the Museum, from 22 June 1857 to 31 December 1868, it has been visited by 8,013,164 persons. The annual average, excluding 1862, the year of the Exhibition, has been 704,079.

(C. 1.) The Galleries overlooking the Horticultural Gardens are now occupied all the Year for exhibiting the objects specified in Note C. 4.

(C. 2.) The Metropolitan Police Force has the entire charge of watching the Museum, both internally and externally. The Museum and Schools are lighted from sunset till 10 p.m.: and great precautions against fire are necessary. A detachment of Royal Engineers is kept on the premises to act if wanted. The numbers attending the Museum in the evening, since the opening in 1857, have been 2,936,508.

(C. 4.—1 & 2.) These purchases are supplementary, a large number of the books and objects in the collections being presented to the nation by the public. 2. The collections of Naval Architecture have been lately transferred from Somerset House for the use of the Students of the School of Naval Architecture, and the inspection of the public. Numerous additions have been made by private shipbuilders.

(C. 4.—2. a.) 15,000 *l.* was voted by Parliament in 1867 for purchases out of the Paris Exhibition, but the Treasury forbade the expenditure unless there was a surplus to that amount on the Paris Exhibition Vote of 116,650 *l.* In expectation of a surplus, 8,647 *l.* was expended in 1867, and 6,353 *l.* was surrendered to the Exchequer. Since then unforeseen demands upon the Paris Exhibition Vote have been received, chiefly from Public Departments exhibiting in Paris, and the accounts are not yet finally closed. The sum of 8,647 *l.* is therefore now taken, but only as a matter of Account. It will not be used, but be surrendered to the Exchequer.

(C. 4.—2. a. c.) Objects are circulated, as far as practicable, to local Art schools. The Museum has been enriched by bequests of valuable pictures, coins, and gems, by the Rev. Chauncey Townshend, and of enamels by Mrs. Plumley. A collection of war materials, lately exhibited in Paris, has been received on loan from the War Department. The valuable collection of arms and armour, known as the "Meyrick Collection," has also been lent to the Museum, and is now exhibited. The Competition Drawings for the Law Courts have been presented by the First Commissioner of Works.

(C. 4.—d.) The number of Loans received from private individuals in 1868 was of the value of several hundred thousand pounds. The names of the lenders, &c., are given in the Annual Report.

(C. 4.—3.) The Art Library was attended by 15,283 persons in 1868.

The books, &c., are also circulated to the local Schools of Art under proper regulations. 16 Schools borrowed in 1868. 630 books, 1,449 drawings and prints, and 1,394 photographs, were issued on loan.

(C. 4.—5.) The MS. for a printed Catalogue of the printed works of all countries relating to the Fine Arts, from the invention of printing up to the year 1865, is nearly completed for its first stage, and the Catalogue will be issued in the course of the present financial year.

(C. 4.—6.) Every object in the Museum is labelled.

(C. 5.) The increase of 4,344 *l.* under this head is occasioned by the purchase of glass cases, furniture, and fittings, procured for the Paris Exhibition, and the amount realised will be surrendered to the Exchequer. The increase, therefore, is not real, but only a matter of account.

(C. 6.) The amount proposed to be taken this year is in accordance with the letter of the Secretary of the Treasury of the 24th May 1866, in which the approval of the Lords of the Treasury was communicated, for the expenditure of a sum not exceeding 195,000 *l.* on new buildings at South Kensington, to be spread over a period of six years. The correspondence on this subject, with a plan of the buildings, was printed, by order of the House of Commons, on the 23rd July 1866.

(E.) The object of this Vote is the removal of the iron building at South Kensington to a site at Bethnal Green, which is offered, free of cost, by a committee in the locality. Sums were voted in the years 1867 and 1868 for this service.

The Rivers Commission, appointed the 18th May 1865, reported on the Rivers Thames, Lea, and Aire and Calder, made a partial inspection of the Mersey and Ribble Basins, and was dissolved 14th February 1868. The present Commission was issued the 6th of April 1868, and the Commissioners have made a preliminary inspection of the Basins of the Mersey and Ribble; they have collected numerous samples illustrative of the water supply of the various towns visited; have also inspected the chief mills, works, and factories, and obtained samples of the fluid refuse therefrom, the whole of which samples are undergoing analysis in the laboratory of the Commission. The Commissioners have issued series of questions addressed to the local authorities, also to manufacturers and traders, and in reply thereto are receiving a mass of evidence. They intend, after having examined the same, to re-visit Manchester for the Irwell Basin; Stockport for the head of the Mersey, Etheron, Goyt, and Tame; Warrington for Mid-Mersey; and Liverpool for Mersey proper; and to hold public sittings for the purpose of hearing such oral evidence as may be tendered supplemental to the written evidence before mentioned.

The Commissioners are of opinion that this inquiry will not be perfect without an inspection is made of the Clyde, the seat of the Scotch trade, and therefore purpose making such inspection before presenting their report.

The Commissioners have likewise visited Barking, Banbury, Bedford, Carlisle, Cheltenham, Croydon, Edinburgh, Norwood, Penrith, Rugby, Warwick, Worthing, and the invalid prison at Woking, where sewage is utilized by irrigation; Ealing, Leicester, Northampton, where deodorizing, filtration, and precipitation of sewage is attempted; Stroud, where sewage is deodorized, filtered, precipitated, and a manure manufactured therefrom; and the West Riding Prison at Wakefield, and Criminal Lunatic Asylum at Broadmoor, where earth-closets are in use. At Leicester, too, the Commissioners were present at experiments made by Mr. Sillar on the application of his process to the purification of the sewage of that town, and have transmitted a report thereon to the Secretary of State for the Home Department.

The Commissioners have, moreover, carried on an extensive series of experiments in the laboratory, with a view to ascertain approximately the extent to which sewage can be purified by filtration alone. These experiments, necessarily made on a small scale, yielded results which rendered it desirable to repeat them upon a larger scale; with this end in view they visited the invalid prison at Woking, and subsequently obtained the consent of the Home Secretary to a trial being made on the land adjoining the prison, for the purpose of ascertaining positively the beneficial effect of filtration of sewage through various thicknesses of different materials, and at the same time of determining the area over which the sewage employed in irrigation must pass before it can be considered admissible into rivers or streams. There yet remain to be inquired into and reported upon, the tributaries of the Thames (other than the Lea), the Aire and Calder, Lower Avon, Stroud Valley and the Tweed, the seat of the woollen trade, the Severn Basin, the Taff Basin, a river basin in Cornwall, and the Wear Basin.

The Commissioners are unable to fix the precise date at which their labours will terminate, but are of opinion that the work remaining to be done will occupy the whole of the years 1869-70.

The Commissioners have been chiefly engaged during the past year with the Architect in the preparation of the final block plans and sections of the new buildings. These block plans and sections have, in their general outlines, received the sanction of the Commission, and been submitted to the Government; and with details added are now being printed for the better consideration of the officers of the law and the profession, in the hope thereby to render them still more complete.

The questions of additional lands for accesses, light, &c., and of the ways and means of raising the additional funds which the enlarged scheme will require, have also occupied much of the attention of the Commissioners, and they have reported fully to the Treasury on both points.

As the Act of Parliament under which the New Courts are to be erected requires the consent of the Commission to all the plans of the new buildings, the Commission will no doubt have to be kept on foot until the buildings are complete, and until the body which, under the same Act is to be organised "to superintend and regulate the said buildings, and to provide for the proper care and maintenance thereof," is ready to assume these functions.

The Commissioners have presented their first Report and an Appendix in two parts; the Appendix contains the reports of the Assistant Commissioners in the counties of Norfolk, Essex, Sussex, Gloucester, Suffolk, Northumberland, Durham, Lincoln, Nottingham, Leicester, Cambridge, York, Northampton, Bedford, and Buckingham; it contains also the evidence taken in those counties, and in the county of Huntingdon, and some miscellaneous evidence. The Assistant Commissioners have also made considerable progress in their inquiries in other counties, including those of Hants, Surrey, Kent, Wilts, Devon, Dorset, Somerset, Oxford, Warwick, and Westmoreland.

Much evidence in all these counties has been already taken, and numerous returns to the circulars issued by the Assistant Commissioners have been received. The Commissioners believe that the probable time to complete the enquiry will be between two and three years from its commencement in July 1867; but, although they hope to conclude the inquiry before the end of the next financial year, their Assistant Commissioners are liable to be retarded in the preparation of their reports, by the difficulty of obtaining statistical and other information from persons who engage to furnish it, and whose information is of importance.

Considerable progress has been made in the work entrusted to this Commission. Ten Assistant Commissioners have been employed, who have completed their inspections. Two of the Commissioners have inspected the Model and Agricultural Schools, and a Statistical Return of all the schools in the country has been completed. The Commissioners expect to complete their Report during 1869.

	1869-70.
O.—STANDARDS COMMISSION:	£.
Incidents, Expenses of Witnesses, Shorthand Writer, &c. - - - - -	150

It is hoped that the Standards Commission will have completed the immediate objects for which it was appointed by 30th June 1870, and that the actual expenses of the Commission will not exceed 500 £, but the construction and verification of new standards require much time and labour, the amount of which it is impossible to estimate beforehand with any approach to accuracy.

The Commissioners have made their first Report, and are now awaiting the completion of the reverification of all the official standard weights, and the printing of the abstracts of the Returns from the Local Inspectors. These are now nearly completed. There is every reason to expect that the reverification of the remaining official standards, of length, capacity, and volume, will be shortly finished.

With respect to the termination of the Commission, the nature of the duties entrusted to it is such that it will be probably necessary to revive the Commission from time to time, after the immediate objects for which it was appointed shall have been attained.

‡ Previous to the passing of the Customs Amendment Act, 1857, the Crown provided Warehouses for the deposit of Tobacco under Bond. The Crown is liable to the payment of Rent for the Warehouse which was provided at Liverpool, until the expiration of the Lease thereof; but the Premises have been sub-let from the 25th March 1865, at a rent equal to that paid by the Crown, 6,760*l.*; and this amount will be brought to account as Customs Revenue.

EXPLANATIONS.

The principal portion of the foregoing amount requires to be voted in order to supply the deficiencies which have been ascertained in the course of the investigation conducted by the Public Accounts Commissioners, with the view of arriving at the Balances with which the Departments charged with the duty of accounting for the different Grants from the 1st April 1868, should commence their Accounts. Many of the sums do not, however, relate exclusively to the year 1867-8. Under the system in force prior to the operation of the Act 29 & 30 Vict. c. 39 (Exchequer and Audit), it was the practice to surrender as savings the amounts unissued from the Exchequer on the 31st March, without taking into calculation any further liabilities of the respective Grants. The actual saving or deficiency was consequently never exactly ascertained, and it not unfrequently happened that apparent savings were surrendered which were exceeded by the actual liabilities which had to be subsequently discharged. The sums included in the above Statement are therefore the net result of transactions extending over a series of many years, of which it would be impossible to give an accurate explanation without a large expenditure of time and labour on the numerous Accounts in which they are included. Under the present system the recurrence of such circumstances will be impossible.

The subjoined notes have reference to such of the above deficiencies as have arisen from other causes than those above mentioned.

- Class I. 1.—*Royal Palaces*.—This excess arises partly from charges connected with the year 1866-7, but which came in course of payment in 1867-8, partly from unforeseen expenditure at Windsor Castle, Kensington and St. James's Palaces, and Bushy Park.
- „ 6.—*British Embassy Houses, Paris and Madrid*.—This excess was principally occasioned by Works at the Paris Embassy House, which were not anticipated when the Estimate was prepared.
- „ 10.—*Public Record Repository*.—This excess is in consequence of charges provided for in the Estimate for 1866-7 not falling due till 1867-8. A corresponding amount was surrendered on the Vote for 1866-7.
- Class II. 17.—*Inspectors of Factories*.—The excess on this Vote is owing to the alteration in the system of account, whereby payments were charged to 1867-8 which would otherwise have been defrayed out of the Vote for the subsequent year.
- Class III. 2.—*Criminal Prosecutions*.—This excess has arisen mainly from the omission from the Estimate, through a series of years, of sundry charges payable from the Vote. The omission was discovered in carrying out the new system of account under the Exchequer and Audit Act, and is rectified in the Estimates for 1869-70.
- „ 3.—*Police, Counties and Boroughs*.—This excess is principally attributable to the fact that the payments to the several Counties and Boroughs for the year 1868 were made earlier than usual, and that the payments for three instead of two half-years were thus made in the financial year 1867-8; 60,000 *l.*, moreover, had been surrendered to the Exchequer as an apparent saving on the Vote for 1866-7.
- „ 7.—*County Courts*.—The sum of 66,288 *l.* 1 *s.* 4 *d.* is required to be Voted in order to replace an equal amount appropriated in aid of the expense of County Courts, and derived from the sums paid into the hands of Treasurer on Account of Suitors' Money, Surpluses of Insolvent Estates, Surpluses in Bankruptcy, and Equity Moneys. In consequence of the application of these Moneys to meet charges which would otherwise have been defrayed either from the Votes or from the Consolidated Fund, a sum of 35,000 *l.* was surrendered to the Exchequer in 1864, 1866, and 1867, and large payments were made in respect of the debts of the old Court of Requests.
- „ 38.—*Convict Establishments in the Colonies*.—This excess arises from the payments which under the new system of account were chargeable to 1867-8, instead of to the subsequent year, as was previously the case.
- Class V. 3.—*Governors, &c., West Indies*.—The preceding explanation applies also to this excess.
- „ 14.—*Treasury Chest*.—This excess is partly owing to the above-mentioned cause, and partly to an increase of expenditure on account of freight on remittances in aid of the Treasury Chests Abroad.
- „ 19.—*Ministers at Foreign Courts*.—The excess on this Vote is also attributable to the alteration of system of account.
- Class VII. 1.—*Temporary Commissions*.—The excess on this Vote was caused by the expenditure attendant upon the Irish Railway Commission, which was appointed after the preparation of the Estimate for 1867-8.
- „ 12.—*Miscellaneous Expenses*.—This excess arose on the item for Robes, Collars, Badges, &c., for the various Orders of Knighthood, on which there will be a corresponding saving on the Vote for 1868-9.

It has not hitherto been usual to confine with accuracy the Expenditure on Royal Parks to the subdivisions of the Estimate, or to the items specially mentioned therein; hence the variations between the Expenditure and Grant for the year 1867-8.

The arrangement requiring the Expenditure to be kept in more exact conformity with the sub-heads of the Vote did not take effect till the middle of the financial year.

Saving - - -	£. 8,883 12 11		£. 8,883 12 11	

EXPLANATION of the Causes of Variation between Expenditure and Grant.

(a) The repairs rendered necessary by the hurricane could not be separated from the ordinary repairs and maintenance, and they have exceeded the Estimate.

(b) The Tender was not completely built until after the 31st March 1868; a Vote for 2,000 *l.* to complete it was taken in 1868-9.

(c) The Account of the Expenditure in the Falkland Islands for the quarter ended 31st March 1868, has not yet been received from the Colony, and could not therefore be included. A Supplementary Vote will have to be taken for the Expenditure for that quarter, which, it is estimated, will be about 70 *l.*

(d) The Estimate for Western Australia exceeded the Expenditure.

(e) An annual payment of 60 *l.* has been authorised by the Treasury, but only 44 *l.* was paid in this year, and that was really for the contribution for 1866-7.

(f) Expenses incurred in protecting materials and stores in Ceylon, for which no Vote was taken.

(g) Both the light-vessel and the tender are being built for the Board of Trade by the Government of India, but no claim has been made for repayment.

(h) Authorised to be charged to the Vote by Treasury Letter, 23rd June 1868.

(i) The Estimate for this lighthouse was 10,000 *l.*, and the Expenditure from the commencement to date amounts to 9,450 *l.* 4 s. 6 d. The sums voted have been 12,500 *l.*; the difference, 3,149 *l.* 15 s. 6 d., will have to be surrendered to the Exchequer.

(k) Sombrero Island Lighthouse was not completely finished.

(l) This Expenditure is provided for in the Vote for 10,000 *l.*, included in the Estimates of 1868-9. The reason why no Vote was taken for 1867-8 was the belief that the Vote for the preceding year was available, as it had not been surrendered to the Exchequer, but this, under the provisions of the Exchequer and Audit Act, is not the case.

CIVIL SERVICE ESTIMATES—CLASS I.—*continued.*

CIVIL SERVICE ESTIMATES, CLASS I., 1867-8.

REPORT of the Comptroller and Auditor General on the APPROPRIATION ACCOUNTS of the SUPPLY GRANTS included in the CIVIL SERVICE ESTIMATES, CLASS I., for the Year ended 31st March 1868, prepared and submitted for the information of the House of Commons in pursuance of the 22nd and 32nd Sections of the Act 29 & 30 Vict. cap. 39.

1. THE only Appropriation Accounts of the services in this class, for periods prior to the 1st of April 1867, reported upon to the House of Commons, were those of the services under the management of the Commissioners of Her Majesty's Works and Public Buildings.

2. The Savings on Votes for those services for the year 1866-7, amounting to 336,486*l.* 15*s.* (as shown in the accompanying Statement), and the balance of extra receipts on 31st March 1867, amounting to 4,202*l.*, have been surrendered to the Exchequer.

3. The excess of Expenditure over sums voted for the year 1866-7, amounting to 1,199*l.* 14*s.* 3*d.*, has been granted by Parliament.

4. In my Report on the account of the Commissioners of Works for 1866-7, a sum of 1,223*l.* 11*s.* 2*d.*, the balance of certain receipts in respect of Bethlehem Hospital, was observed upon as being payable to the Exchequer; that amount, together with a further sum of 100*l.* received on account of the same service, has been paid into the Exchequer.

5. Appropriation Accounts of the following Grants for 1867-8 have been transmitted to this Department, and are herewith submitted, viz. :—

- | | |
|------|--|
| Vote | 1. Royal Palaces. |
| " | 2. Public Buildings. |
| " | 3. Furniture of Public Offices. |
| " | 4. Royal Parks. |

| " | 6. British Embassy Houses, Paris and Madrid. |
| " | 7. New Foreign Office. |
| " | 8. Public Offices Site. |
| " | 9. Probate Court and Registries. |
| " | 10. Public Record Repository. |
| " | 11. National Gallery Enlargement. |
| " | 12. University of London Buildings. |
| " | 13. Chapter House, Westminster. |
| " | 14. New Palace at Westminster, Acquisition of Lands. |
| " | 15. Burlington House. |

rendered by Commissioners of Her Majesty's Works.

- | | |
|------|--|
| Vote | 21. Holyhead and Portpatrick Harbours. |
| " | 25. Lighthouses Abroad. |

rendered by Board of Trade.

6. The Vote for "Advances for New Courts of Justice and Offices" is granted by a separate clause in the Appropriation Act, and is not included in any Class of the Civil Service Estimates; but as the Expenditure is of a similar nature to that provided for in Class I., and as the Grant is administered by the Commissioners of Her Majesty's Works, I have included it in this Report.

7. No special observations are necessary upon the accounts of the Grants, Nos. 1 to 15, and "Advances for New Courts of Justice and Offices."

CIVIL SERVICE ESTIMATES—CLASS I.—*continued.*

8. The accounts of the Expenditure of the Grants for “Holyhead and Portpatrick Harbours,” and for “Lighthouses Abroad,” do not call for any special observations.

9. A Statement, showing how far the Expenditure in respect of the foregoing services has fallen short of or exceeded the Grants of the year is appended to this Report.

10. A Statement of extra receipts connected with Votes of Parliament is herewith transmitted, from which it appears that the sum of 6,471 *l.* 15 *s.* 8 *d.* remained, on the 31st of March 1868, payable to the Exchequer by the Commissioners of Works.

11. I have to notice that the Commissioners of Her Majesty's Works received, in the year 1867-8, sums amounting to 3,140 *l.* 7 *s.* 10 *d.*, being the proceeds of the sales of building materials on the site of the New Courts of Justice. This sum has not been included in the account of extra receipts, but has been carried to a separate account. A copy of a letter from the Office of Works on the subject is appended to this Report.

12. Appropriation Accounts of the following Grants in Class I. have not been rendered to this Department, but accounts of the respective Departments entrusted with the expenditure of portions of the grants have been rendered and examined as Cash Accounts:—

- Vote 18. Embassy Houses, Constantinople.
- „ 20. Harbours of Refuge.
- „ 22. Public Buildings, Ireland.
- „ 24. Ulster Canal.
- „ 26. Isle of Man Lunatic Asylum.

13. No accounts have been received in this Department in respect of the following Grants for 1867-8:—

- Vote 16. Sheriffs' Court Houses, Scotland.
- „ 17. Rates on Government Property.
- „ 19. Contribution to Metropolitan Fire Brigade.

14. No issue was made from the Exchequer in 1867-8 in respect of Vote 23—Buildings for Queen's University, Ireland.

15. It will be seen from the Statement of Savings and Deficiencies before mentioned, that there are Savings on 15 Votes, amounting to 226,176 *l.* 13 *s.* 6 *d.*; and that there are Excesses of Expenditure on three Votes, amounting to 12,116 *l.* 7 *s.* 5 *d.*

Her Majesty's Exchequer, and

Amount of Extra Receipts realised in the Year 1867-68, to be paid over to Exchequer -			28 7 -			

EXPLANATION of the Causes of Variation between Expenditure and Grant.

Excess, £. 146. 18. 8.—The cause of the difference was the increase in certain of the Salaries, on the recommendations of a Treasury Committee of Inquiry in March 1867, into the establishment of the office.

Excess, £. 227. 4. 2.—Caused by the Travelling Expenses of the Officers of the Department having been larger than was anticipated.

Saving, £. 28. 18. 10.—Arising from a change in the period of payment.

Excess, £. 435. 15 2.—The Legal Proceedings of the Office were unusually heavy, arising out of contested Claims in respect of Westminster Bridge.

CIVIL SERVICE ESTIMATES—CLASS II.—*continued.*

REPORT of the Comptroller and Auditor General on the APPROPRIATION ACCOUNTS of the SUPPLY GRANTS, included in the CIVIL SERVICE ESTIMATES, Class II., for the Year ended 31st March 1868, prepared and submitted for the Information of the House of Commons, in pursuance of the 22nd and 32nd Sections of the Act 29 & 30 Victoria, Cap. 39.

1. THE only Appropriation Accounts of the Services included in this class, for periods prior to the 1st April 1867, are those under the management of the Commissioners of Her Majesty's Works and Public Buildings, and the Commissioners of Her Majesty's Woods, &c.

2. The Expenditure in Excess of the Grant for 1866-7, on account of Public Works and Buildings, viz.: 1,199 *l.* 14 *s.* 3 *d.*, has been voted by Parliament.

3. The Savings on the Grant for the Office of Woods, Forests, and Land Revenues, viz.: 903 *l.* 15 *s.* 7 *d.*, has been surrendered to the Exchequer.

4. Appropriation Accounts of the following Grants for 1867-8, have been transmitted to this department, viz.:—

No. 7. Board of Trade; rendered by the accountant of the Board of Trade.

No. 12. Office of Works and Public Buildings; rendered by the First Commissioner of Works, &c.

No. 13. Office of Woods, Forests, and Land Revenues; rendered by the Commissioners of Woods, &c.

No. 35. Printing and Stationery; rendered by the Comptroller of the Stationery Office.

BOARD OF TRADE—VOTE No. 7.

5. Upon the Grant for this Service, I have to observe that, under the Sub-head E., the accountant has deducted in error the sums of 1 *l.* 14 *s.* 6 *d.*, and 7 *s.* in respect of expenses of protesting certain bills, which had not been charged in the account for the year 1867-8. This sub-head should, therefore, be increased by 2 *l.* 1 *s.* 6 *d.*, making the amount 4,436 *l.* 10 *s.* 10 *d.*, instead of 4,434 *l.* 9 *s.* 4 *d.*, as shown in the account under this sub-head.

6. Under Sub-head F, the accountant has included a sum of 1 *l.* 7 *s.*, which had been paid on account of the Naval Reserve, and properly chargeable to Naval Vote. This sub-head should, therefore, be diminished by that sum, making the amount 910 *l.* 17 *s.* 6 *d.*, instead of 912 *l.* 4 *s.* 6 *d.*, as shown in the account.

7. The difference between the foregoing over and under Credits, viz., 14 *s.* 6 *d.*, will have to be added to the total Expenditure on the Vote, as shown in the account, viz., 68,348 *l.* 5 *s.* 3 *d.*, increasing the same to 68,348 *l.* 19 *s.* 9 *d.*, and the saving on the Vote to be surrendered to the Exchequer should be 37 *l.* 0 *s.* 3 *d.*, instead of 37 *l.* 14 *s.* 9 *d.*, as shown on the Appropriation Account herewith submitted.

OFFICE OF WORKS, &c.—VOTE No. 12.

8. The account of the Grant for this Service for 1867-8, herewith submitted, calls for no special observation. The Expenditure exceeds the Grant by 780 *l.* 19 *s.* 2 *d.*

STATIONERY OFFICE.—VOTE No. 35.

10. The account of this Service has been classified under the sub-heads included in the Estimates for the year 1868-9, and as this classification differs from that of the Estimates for 1867-8, it has not been possible to check the appropriation of the Expenditure under the sub-heads, as given in the Estimates for 1867-8.

11. The amount of the Expenditure on account of stationery and printing, appears from the Appropriation Account to be 392,488 *l.* 9 *s.* 10 *d.*, which is arrived at by deducting from the gross amount actually paid for these purposes, viz., 431,937 *l.* 9 *s.* 10 *d.*, the sums received in aid, amounting to 137 *l.* 2 *s.* 10 *d.*, and the sums due from those departments whose stationery is not provided for in the Vote, amounting to 39,311 *l.* 17 *s.* 2 *d.*

12. This practice of making issues from the Stationery Office stores to departments, other than those included in the Vote, is of long standing, and has been sanctioned by the Treasury. Whether the Estimate is framed according to correct principle, and whether the practice of carrying the repayment to the credit of the Vote, is the right course, depends upon the decision of the general question relating to "Extra Receipts," which is still unsettled.

13. I have to observe that a pension of 140*l.* per annum, granted to Mrs. Coleman, widow of the late Mr. Matthew Coleman, who was editor of the Army List, has been charged to the Stationery Office Vote, under the head of Salaries; it appears to me that the pension in question should have been included in the Vote for "Superannuations" Class VI.

14. The accounts of the following Services for the year 1867-8, included in Class II., have been rendered to, and examined in, this department, but not as Appropriation Accounts.

I have no especial observations to make on these accounts, viz.:

EXPLANATION of the Causes of Variation between Expenditure and Grant.

B. The Variation between Expenditure and Grant under this head was principally occasioned by the collection of certain Returns for Parliament which were not contemplated in the original Estimate.

Council Office, }
23 November 1868. }

R. R. W. Lingen.

R. G. C. Hamilton, Accountant.

I certify that the foregoing Account has been examined by officers under my directions, and that, subject to the observations contained in my report, dated the 15th January 1869, upon this Account, the above is a correct statement of the Expenditure of the Sums Granted by Parliament for the service of Public Education, Great Britain, for the Year 1867-68.

Dated this 15th day of January 1869.

Wm. Dunbar,
Comptroller General of Her Majesty's Exchequer,
and Auditor General of Public Accounts.

Examined,
John Llewelyn, Inspector.

CIVIL SERVICE ESTIMATES—CLASS IV.—*continued.*

CIVIL SERVICE ESTIMATES—CLASS IV.—1867-8.

REPORT of the Comptroller and Auditor General on the APPROPRIATION ACCOUNTS of the SUPPLY GRANTS included in the CIVIL SERVICE ESTIMATES, Class IV., for the Year ended 31st March 1868. Prepared and submitted for the information of the House of Commons, in pursuance of the 22nd and 32nd Sections of the Act 29 & 30 Vict. c. 39.

1. The only Appropriation Accounts rendered under this class for the year 1867-8 relate to the following Grants:—

Public Education, Great Britain, Vote 1, and
Universal Exhibition at Paris, 1867, Vote 17.

2. Public Education, Great Britain, shows:—

	£.	s.	d.
The Grant of Parliament - - - - -	705,865	-	-
Expenditure in respect thereof - - - - -	680,429	-	3
Net Saving to be surrendered - - - - -	£.	25,435	19 9

I have to observe that, under the head of "Incidental Expenses," there is included a sum of 75*l.* 15*s.*, the value of stamps on Indentures issued to the schools. As these stamps, though received from the Inland Revenue Department, were not paid for within the period of the account, I am of opinion that the sum in question, 75*l.* 15*s.*, is not properly chargeable to the Vote 1867-8, but should be added to the "Net Saving to be surrendered" in respect of the grant, which would thus be increased from 25,435*l.* 19*s.* 9*d.* to 25,511*l.* 14*s.* 9*d.*

UNIVERSAL EXHIBITION AT PARIS, 1867.—Vote No. 17.

3. The accounts of the Universal Exhibition at Paris were originally rendered to the Commissioners for Auditing the Public Accounts, as cash accounts; but it seemed desirable to me that they should be examined as appropriation accounts, with reference to the authority of Parliament; and, on my representing this to the Treasury, their Lordships directed this course to be pursued, in their letter of the 28th February 1868.

4. Votes on account for this service were granted in the years 1865-6 and 1866-7, amounting to 67,000*l.*; and, in the year 1867-8, the balance, amounting to 49,650*l.*, was voted, making a total of 116,650*l.*; and the detailed appropriation of the total amount of the Votes was set forth in the Estimates for that year.

5. The imperfectly classified form of the account which has been rendered to this department, and the introduction into it of numerous temporary transactions, makes it very difficult to ascertain how much of the above sum of 116,650*l.*, voted for the Paris Exhibition, had been actually expended up to the 31st of March 1868. The accompanying statement, which has been prepared under my directions, and which agrees with the totals of the accounts, as rendered by the Accountant of the Science and Art Department, shows a gross expenditure of 128,522*l.* 9*s.* 4*d.*; deducting from this sum an amount of 9,826*l.* 10*s.* 11*d.*, stated by the Accountant to have been erroneously charged to the Vote, the net amount chargeable to the Vote would appear to be 118,695*l.* 18*s.* 5*d.*

6. The Accountant has, however, carried to the credit of the Vote the sum of 2,105*l.* 3*s.* 7*d.*, being the produce of Sales of Old Stores, and has thus reduced the expenditure to 116,590*l.* 14*s.* 10*d.*, showing a saving on the Vote of 59*l.* 5*s.* 2*d.* The practice of the service would appear to require that the produce of these old stores should have been carried into the Exchequer as extra receipts.

7. I have to report that sums amounting to 573*l.* have been charged as Final Payments to the Vote, which appear to be advances, by way of imprest, to various officers employed on the Exhibition, and for which no detailed accounts have been produced.

8. There are overpayments to a contractor, to the amount of 118*l.*; and two errors of account, amounting respectively to 1*l.*, and 7*s.* 4*d.*, have been found in the account.

9. I have further to state that a sum of 551*l.* 12*s.* 11*d.* has been charged to the Vote for the purchase of Frames for the Exhibition of Government Works of Art, in contravention of the terms of the Treasury Letter of the 3rd of December 1866, a copy of which is submitted herewith.

10. I am

CIVIL SERVICE ESTIMATES—CLASS IV.—*continued.*

10. I am of opinion that the sums in question, amounting to 1,244 *l.* 0 *s.* 3 *d.*, are not properly chargeable to the Vote, but should be added to the Net Saving to be surrendered. It appears, also, that a sum of 261 *l.* 18 *s.* 11 *d.* of the Vote for the Exhibition of Objects by the War Department, has been unexpended by that department, and should, therefore, be added to the Net Saving, which would thus be increased from 59 *l.* 5 *s.* 2 *d.* to 1,565 *l.* 4 *s.* 4 *d.*

11. It appears that the Admiralty have expended a sum of 147 *l.* 14 *s.* 1 *d.*, and the Trinity House 219 *l.* 5 *s.* 1 *d.*, in respect of the Exhibition of Objects at the Paris Exhibition, over and above the amounts which appear by the accounts to have been paid to these departments.

12. I have to report that, with regard to the Salaries and Emoluments of persons in the Public Service, not included in the staff of the Establishment, it appears that no special authority for the same was obtained from the Treasury, although so directed by Treasury Minute of the 5th of March 1866.

13. Certain sums have been charged under the head of Travelling, for the expenses incurred by the wives of the non-commissioned officers of the Royal Engineers employed at the Paris Exhibition.

14. There is also a charge, under sub-head "Management," 1,312 *frs.* 50 *cts.* (52 *l.* 10 *s.*), as an "honorarium" to a Mr. Falconner Atlee, for services rendered in connection with the visits of British Artizans to the Paris Exhibition, and that a sum of 50 *frs.* (2 *l.*) is charged under sub-head "House and Office Expenses," as a fee to Dr. Chepnell, for attendance on some of the executive at Paris. No provision appears, however, to have been made for expenditure of this nature in the Estimates.

15. I have to observe, generally, that the vouchers sent in support of the accounts furnished for the Departments of War, Admiralty, and Trinity House, are not satisfactory; many receipts are wanting, some only of the vouchers are duly authorised, and some of the charges are not supported by any vouchers at all.

16. The classification of the following charges made in this Account do not appear to be in accordance with the Estimates, as voted by Parliament, viz.:

Under the head of "Management," a sum of 142 *l.* 0 *s.* 3 *d.* is charged for Expenses of Exhibiting Models, sent by the Commissioners of Fisheries, Ireland. I am of opinion that the amount should have been charged to "Exhibition by Government Departments."

Under the head of "Buildings," a sum of 2,329 *frs.* (93 *l.* 3 *s.* 2 *d.*) is charged for Water Rate, which should have been charged to "Management."

Under the head of "Management," a sum of 500 *l.* has been charged for the construction of closets, which should have been charged to "Internal Fittings"; and 41 *l.* 13 *s.* 4 *d.*, salary of Mr. Wylde, Secretary to the Executive at Paris, has been charged to "Management," which should have been charged to "House and Office Expenses."

A sum of 238 *l.* 10 *s.* 2 *d.*, expended for Freight, appears under the head of "Ancient and Modern Art." As the objects exhibited at the Exhibition were chiefly furnished by Government Departments, I am of opinion that this amount should, in accordance with the Estimates, be charged to the head of "Freight."

17. The Savings and Excesses, under the several sub-heads of the Vote, are shown in the Statement attached to this Report.

18. With regard to the following Grants under this class, Cash Accounts only have been transmitted by the respective departments entrusted with the expenditure. These Accounts have been examined under my directions, but call for no special remark:

CIVIL SERVICE ESTIMATES—CLASS IV.—*continued.*

The Secretary to the Treasury to the Right Honourable *H. Corry*, M.P.

Sir,

Treasury Chambers, 3 December 1866.

I AM directed by the Lords Commissioners of Her Majesty's Treasury to state, for the information of the Lords of the Committee of Council on Education, that my Lords have had under consideration the method in which they should submit to Parliament the Estimate of Expenditure to be incurred by the various public departments in connection with the exhibition of plans, models, and other objects, at Paris in 1867, and they have arrived at the conclusion that it will be best to include the whole of such expenditure in one Vote of the Civil Service Estimates, together with the expenses of the Royal Commissioners in and about the Exhibition.

My Lords must, however, stipulate that the Vote which they thus undertake to propose shall be confined to outlay incurred *bonâ fide* and solely on account of the Exhibition; such outlay will be held to include the packing and transporting of objects to the place of exhibition, the housing of them there, whether under general or special arrangement, the superintendence of them while on show, the bringing of them back, and the repair of damages sustained during absence from store; it will also be held to include the preparation of any models, plans, or specimens, which are simply intended for the illustration of national progress in arts or manufacture, and which have, apart from such purpose, no appreciable value to the departments to which they belong.

The Lords of the Committee of Council will, at the same time, understand that the cost of all articles to be hereafter employed for the public service, and to be returned into store when removed from the Exhibition at Paris, must be provided for in the Estimates of the department that orders or manufactures them, as if they were directly issued for the public service. Such articles, while under exhibition, must be considered as loans to the Commissioners, and the expense incurred on their account for packing, transport, housing, custody, and restoration, will, in accordance with the rule laid down in the preceding paragraph, be alone charged to the Exhibition Vote.

My Lords would request that communication be made by the Commissioners to the various departments, and that having ascertained the number and nature of the objects which each department may propose to contribute, and the probable expenses incidental to their exhibition, they will make known to this Board, with as little delay as possible, the total amount which they would wish to be inserted in the Vote for Parliament.

They should join to their Estimate a detailed statement, showing how the amount asked for is made up; and, lastly, they should apportion the sum allowed by the Board, less the expenses of the management of the British Department, and any other expenses of the Royal Commissioners in and about the Exhibition, between the several departments proposing to exhibit.

It must be understood that their Lordships reserve to themselves full power to reduce the amount named by the Commissioners, and, if they think it advisable, to alter the apportionment made between the exhibiting departments.

In conclusion, I am to request that the Lords of the Committee of Council will, with as little delay as possible, communicate the decision of this Board to the department interested.

I am, &c.,
(signed) *George Ward Hunt.*

EXPLANATION of the Causes of Variation between Expenditure and Grant.

(a) This deficiency has been caused by the Estimate having been taken in accordance with the previous practice of the Board of Trade, to provide for the payments made during four quarters of the Year ending 31st December by Sub-Accountants; but in consequence of the passing of the Exchequer and Audit Act, 1866, it became necessary to charge Sub-Accountants' payments for five quarters to the Vote for the Financial Year ending 31st March 1867-8. The expenditure under this Vote, independent of the above fact, will always be difficult to estimate with any degree of exactness.

Board of Trade.

H. R. Williams, Accountant.

I certify that this Account has been examined under my directions, and that, subject to the observations contained in my Report dated the 15th of January 1869, accompanying this Account, the above is a correct statement of the expenditure of the sums granted by Parliament for this Service.

Dated the 15th of January 1869.

Comptroller General of Her Majesty's Exchequer, and
Auditor General of Public Accounts.

CIVIL SERVICE ESTIMATES—CLASS VI.—1867-8.

REPORT of the Comptroller and Auditor General on the APPROPRIATION ACCOUNTS of the SUPPLY GRANTS included in the CIVIL SERVICE ESTIMATES, Class VI., for the Year ended the 31st of March 1868. Prepared and submitted, for the information of the House of Commons, in pursuance of the 22nd and 32nd Sections of the Act 29 & 30 Vict. c. 39.

1. THE only Appropriation Accounts rendered in respect of this Class are:—

Vote 5. Merchant Seamen's Fund Pensions.

„ 6. Relief of Distressed British Seamen.

VOTE 5.—“MERCHANT SEAMEN'S FUND PENSIONS,” &c.

2. Amount voted - - - - -	52,040	-	-
Expenditure - - - - -	50,011	6	6
Saving - - - - -	£. 2,028	13	6

3. With regard to the sums charged to the Vote for “Merchant Seamen's Fund Pensions,” &c., I have to state that no vouchers have been produced to me for this expenditure, which is conducted on behalf of the Board of Trade by the Staff Officers of Pensioners under the War Office; but an Account has been transmitted, certified by the Chief Auditor of the War Department, to the following effect, viz.:—

“I hereby certify that the foregoing Account, the amount of which is chargeable to the Vote ‘Merchant Seamen's Fund Pensions,’ has been examined and found correct in this Office, and the vouchers, retained in support of the several charges, passed.”

“I further certify that the account for the three quarters preceding, to the 31st of December 1867, has been also duly examined in this office, and the vouchers retained.

“War Office,
“7 January 1869.”

(signed)

“H. W. S. Whiffin,
“Chief Auditor.”

There is, however, no certificate or proof that this expenditure has been allowed by the Accounting Department, viz., the Board of Trade, as required by the 24th section of the Act 29 & 30 Vict. c. 39, nor is there sufficient evidence to enable me to state that the sums charged were those actually expended in the financial year 1867-8.

I append hereto copies of the correspondence with the Board of Trade on this subject.

VOTE 6.—“RELIEF OF DISTRESSED BRITISH SEAMEN.”

4. THE Account shows an excess over the Vote of 2,788 *l.* 9 *s.* 10 *d.* A sum of 1 *l.* 4 *s.* 10 *d.* in respect of Burial Expenses of a Seaman at Swatow, has been charged against the Vote, for which no receipt has been produced; I am therefore of opinion that the same should be deducted from the excess, which will thus be reduced from 2,788 *l.* 9 *s.* 10 *d.* to 2,787 *l.* 5 *s.*

5. With regard to the following Grants under this Class, no Appropriation Accounts have been received. Cash Accounts have, however, been transmitted by the respective

CORRESPONDENCE between Mr. *Williams*, Board of Trade, and the Secretary, Exchequer and Audit Department.

(2518/68.)

Sir,

Exchequer and Audit Department,
 29 October 1868.

IN the Accounts of the Board of Trade rendered by you for the quarters ended the 30th September and 31st December 1867, under the Vote of "Merchant Seamen's Fund Pensions," &c., the sum of 37,347 *l.* 17 *s.* 8 *d.* has been charged against the Votes for 1867-8, but no other documents than the schedule, herewith returned, for the gross amount have been transmitted in support of the payments.

I am to request, as the examination of the Accounts of this Service is very pressing, and in order to enable the Comptroller and Auditor General to report on the account of the Board of Trade within the time prescribed by Parliament, that you will be so good as to furnish a more satisfactory voucher for the payments of the Pensions in question as early as possible.

H. R. Williams, Esq.
 &c. &c.
 Board of Trade.

I have, &c.

(2630/68.)

Sir,

Board of Trade, Whitehall,
 4 November 1868.

I AM directed by the Board of Trade to acknowledge the receipt of your letter of 29th ultimo, requesting that you may be furnished with a more satisfactory voucher for the payments charged to the Vote "Merchant Seamen's Fund Pensions," &c., in the Accounts rendered by this Department for quarters ended 30th September and 31st December 1867.

In reply, I beg to enclose the Accounts received from the War Office in respect to these payments, and to refer you to the enclosed correspondence of the 20th October and 25th November 1851, with copy of Treasury Minute of 17th October 1851, in which, among the other arrangements for carrying "The Seamen's Fund Winding-up Act, 1851," into effect, the payment of the Pensions by the Staff Officers, and the audit of their payments by the War Office, are authorised by the Treasury.

The Secretary,
 Exchequer and Audit Office,
 Somerset House.

I am, &c.

(2630.)

Sir,

Exchequer and Audit Department,
 Somerset House, W.C.,
 13 November 1868.

THE Comptroller and Auditor General has had before him your letter of the 4th instant, transmitting what purports to be an Account received from the War Office, in support of the payment of 37,347 *l.* 17 *s.* 8 *d.*, charged in the Account of the Board of Trade to the

Vote

CIVIL SERVICE ESTIMATES—CLASS VI.—*continued.*

Vote "Merchant Seamen's Fund Pensions" for the year 1867-8, and I am to acquaint you, for the information of the Board of Trade, that the Comptroller and Auditor General is unable to accept this document as a satisfactory voucher upon which the charge against the Vote can be raised, for the following reasons:—

1. The War Office Account of sums paid on behalf of the Board of Trade by the Staff Officers bears no evidence, either by certificate to that effect upon it, or otherwise, that it has been "allowed by the Accounting Department" (*viz.*, the Board of Trade), as required by the 24th section of the Act 29 & 30 Vict. c. 39.

2. The War Office Account is for the calendar year 1867, and not for the financial year 1867-8, and does not accordingly correspond with the sum charged to the Vote, and is not therefore a voucher in support of it, the payments in the March Quarter falling upon the Vote for 1866-7; while, as the Comptroller and Auditor General understands, the sum for the December Quarter is not a statement of actual expenditure by the War Office, but only an Estimate of the amount which would probably be required.

I am therefore to return the Account in question, and to request that an Account may be produced showing the actual payments for this Service in the year 1867-8.

H. R. Williams, Esq.

&c. &c. &c.

Board of Trade.

I have, &c.

(signed) C. L. Ryan.

(2797/68.)

Sir,

Board of Trade, Whitehall,
23 November 1868.

I AM directed by the Board of Trade to acknowledge the receipt of your letter of the 13th instant, returning the statements of accounts which were enclosed in the letter from this Department of 4th instant, in support of the payment of thirty-seven thousand three hundred and forty-seven pounds, seventeen shillings, and eight-pence, charged against the Vote for the Merchant Seamen's Pension Fund; and, in reply, to offer for the consideration of the Comptroller and Auditor General of the Exchequer the following observations:—

1. With reference to the statements themselves, and in order to remove any doubt that the accounts forwarded are what they purport to be, and to show that the sums charged were payments actually made, I am to transmit the two letters from the War Department (in original) covering the statements in question.

2. A reference to the 69th section of the Seamen's Fund Winding-up Act (14 & 15 Vict. c. 103) will explain why the account of the expenditure was made out by the War Department for the year ending 31st December, instead of the financial year; but a detailed statement is sent herewith, showing how the payments made in three quarters of the financial year 1867-8 are charged in the Board of Trade Accounts.

3. With respect to the remarks in your letter, that the War Office account of sums paid on behalf of the Board of Trade by the staff officers bears no evidence, either by a certificate to that effect upon it, or otherwise, that it has been allowed by the Accounting Department, as required by the 24th section of the Act 29 & 30 Vict. c. 39, I am to observe that, on referring to the section in question, the Board of Trade cannot find any reference made to the certificate mentioned by the Comptroller and Auditor General as being required by "The Exchequer and Audit Department Act, 1866." If, however, a certificate is required by the Exchequer and Audit Department, the Board of Trade will be glad to be furnished with the form in which it should be given.

In conclusion, I am to return the War Office statements, together with the additional statement above referred to, and to inform you that the Board of Trade are unable to furnish any further vouchers in support of the payments referred to.

The Secretary,
Exchequer and Audit Department,
Somerset House.

I am, &c.

Exchequer and Audit Department,
Somerset House, W. C.,
30 November 1868.

Sir,

WITH reference to your letter of the 22nd instant, on the subject of the accounts rendered to this Department in respect of the Merchant Seamen's Pension Fund, I am directed by the Comptroller and Auditor General to acquaint you, for the information of the Board of Trade, that he is aware that the 22nd section of the Exchequer and Audit

CIVIL SERVICE ESTIMATES—CLASS VI.—*continued.*

Act makes no specific mention of a certificate of allowance to be given by the Accounting Department to an account of advances from the Vote under their charge, inasmuch as it appears to contemplate the examination and transmission of the vouchers themselves in all cases. But I am to add, that, in the case of an account such as that of Merchant Seamen's Fund Pensions, in which the examination and transmission of the vouchers by the Board of Trade to this Department would be attended with much public inconvenience, it appears to the Comptroller and Auditor General that he might, consistently with his duty under the Exchequer and Audit Act, consent to accept a certificate upon the account of the allowance of those payments as properly chargeable to the Vote, in lieu of the vouchers themselves, as their due examination in the War Office is ascertained by his officers in that Department.

I am, therefore, to transmit to you the account in question, and to request that it may be returned duly certified, in accordance with the form herewith transmitted.

H. R. Williams, Esq., Board of Trade.

I have, &c.

Sir,

WITH reference to the letter from this Department of the 30th November last, returning the Statement of Payments by the War Office in respect of the Merchant Seamen's Pension Fund, for a certificate that the payments included therein are properly chargeable to the Vote, I am directed by the Comptroller and Auditor General to remind you that, under the 22nd section of the Act 29 & 30 Vict. c. 39, he is required to transmit his Report to the House of Commons, upon the Appropriation Account for this Service, to the Treasury, on or before the 15th instant.

I am therefore to request that the statement in question may be at once returned to this Department.

REVENUE DEPARTMENTS ESTIMATES.—Votes 1, 2, 3, and 4, 1867-8.

REPORT of the Comptroller and Auditor General on the APPROPRIATION ACCOUNTS of the SUPPLY GRANTS included in the REVENUE ESTIMATES, Votes 1, 2, 3, and 4, for the Year ended 31st March 1868. Prepared and Submitted for the information of the House of Commons, in pursuance of the 22nd and 32nd Sections of the Act of 29 & 30 Vict. c. 39.

1. THE Savings on the Votes for the year 1866-7, amounting to 109,665 *l.* 13 *s.* 7½ *d.*, have been surrendered to the Exchequer, viz.:

	£.	s.	d.
Customs - - - - -	14,043	16	11
Post Office - - - - -	85,497	1	3¼
Non-effective Services - - - - -	10,124	15	5

2. The Excess of Expenditure over the sums voted for the year 1866-7, amounting to 9,470 *l.* 14 *s.* 9 *d.*, has been voted by Parliament, viz.:

	£.	s.	d.
Inland Revenue - - - - -	8,381	1	1
Packet Service - - - - -	1,089	13	8

3. Appropriation Accounts of the following Grants for the year 1867-8, have been transmitted to this Department, and are herewith submitted, viz.:

Vote 1.—Customs.

„ 4.—Customs Non-effective Services,
rendered by Commissioners of H. M. Customs.

Vote 2.—Inland Revenue.

„ 4.—Inland Revenue Non-effective Services,
rendered by Commissioners of Inland Revenue.

Vote 3.—Post Office.

„ 4.—Post Office Non-effective Services,
Post Office Packet Services,
rendered by H. M. Postmaster General.

4. The authority for applying the Savings under certain sub-heads, to make good certain Deficiencies under other sub-heads of the Estimates, has not, so far as I am aware, been obtained from the Lords Commissioners of Her Majesty's Treasury.

CUSTOMS.—VOTE 1.

5. I have to report that the sum of 27 *l.* 18 *s.* paid out of the Customs Vote on account of the Post Office, was repaid by that Department during the year 1867-8, but was erroneously carried to the credit of the Revenue of Customs instead of to the Vote.

The sub-head C., out of which the sum in question was paid, should therefore be reduced by that amount, viz., from 112,800 *l.* 5 *s.* 6 *d.* to 112,772 *l.* 7 *s.* 6 *d.*, and the surplus to be surrendered to the Exchequer, would be thus increased from 8,206 *l.* 1 *s.* 9 *d.* to 8,233 *l.* 19 *s.* 9 *d.*

REVENUE DEPARTMENTS—*continued.*

INLAND REVENUE.—VOTE 2.

6. In the examination of this account the following errors of classification have been observed:—

7. (Sub-head A.)—Salaries of the London Establishment, charged as—

	£.	s.	d.
Travelling Expenses - - - - -	299	2	7
Removal Expenses - - - - -	43	14	3

Salaries of Ireland (Sub-head C.) - - - - -	172	14	-

From which is to be deducted,—			
Overpayments of salaries, repaid within the period of the account and carried to Revenue - - - -	25	9	11
Difference - - - - £.	496	3	-
This addition will make the amount properly chargeable to this sub-head - - - - -	637,570	11	7½
Instead of - - - - - as shown in the account.	637,074	8	7½

8. Sub-head B., "Salaries, Scotland":—

As "Special Services," (sub-head "Miscellaneous") - - - - -	196	9	11
Making - - - - - £.	634	3	1½
omitted from this sub-head.			
From which is to be deducted—

9. Sub-head C. ("Salaries, Ireland"):—

Included under this sub-head and chargeable to sub-head (A.), "Salaries, London Establishment" - - -	172	14	-
Over-payment of salaries repaid within the period of the account and carried to Revenue - - - - -	6	1	2
	178	15	2
Deduct the sum of - - - - -	14	13	4
chargeable to this head, included under Travelling ("Miscellaneous") and the sum of - - - - -	-	10	5
chargeable to this head, included under expenses of Removal of Officers.	15	3	9
£.	163	11	5

This result will make the amount properly chargeable to sub-head (C.) 98,736 l. 4 s. 2 d., instead of 98,899 l. 15 s. 7 d., as claimed in the account.

10. Poundage to Distributors of Stamps - - - - -	54,293	9	7½

and repayments within the period of this account carried to Revenue - 19 12 10	-	-	-
		28	7 10
This deduction will make the amount properly chargeable to this head - - - - £.	151,461	13	9

instead of 151,490 *l.* 1 *s.* 7 *d.*, as shown in the account.

13. Expenses of Receiving Officers in Collecting the Duties:
Under this head the sum of 9 *l.* 2 *s.* repaid within the period of this account, has been carried to Revenue, instead of to the Vote. The amount properly chargeable to this head will therefore be 15,391 *l.* 15 *s.* 6 *d.*, instead of 15,400 *l.* 17 *s.* 6 *d.*, as shown in the account.

	£.	s.	d.

Chargeable to this head, but included under heads of "Rent," and "Rewards to Officers" - - -	8	11	-
This deduction of - - - - - £.	993	14	8 $\frac{1}{2}$

will make the sum properly chargeable to this head 94,099 *l.* 6 *s.* 3 *d.*, instead of 95,093 *l.* - *s.* 11 $\frac{1}{2}$ *d.*, as shown in the account.

REVENUE DEPARTMENTS—*continued.*

17. The foregoing differences of classification have been admitted by the Board of Inland Revenue.

18. Statements of particulars of travelling charges, expenses of unproductive prosecutions, of removal of officers, and other charges of a similar nature, have not been furnished as regards the year 1867-8, but I am informed that these statements will be produced with the Inland Revenue Accounts in future.

19. Receipts (or other acknowledgments) have been called for by this department for the several sums paid to the assessors and collectors of taxes, for poundage, amounting to 151,490*l.* 1*s.* 7*d.*, as shown under the head "Poundage to Assessors and Collectors of Taxes" in the account.

I am informed that it would not be possible to obtain these documents for the past year, and that as it will be necessary that they should issue directions, for the future, to the several officers concerned, and as it will also be some time before such directions can be completely complied with, they suggest that the documents in question should be furnished, for the first time, with the accounts from 1st April 1869.

20. The sum of 2*l.* advanced to the Board of Trade has been charged in error to the Vote; this sum, together with 64*l.* 10*s.* 7*d.* overpaid on account of various services for 1867-8; as particularised in this report, and re-credited to Revenue in error, should be added to the sum of 3,136*l.* 4*s.* 7½*d.*, shown on the account as a saving on the Vote, and the sum to be surrendered to the Exchequer would therefore be 3,202*l.* 15*s.* 2½*d.*

POST OFFICE—VOTE 3.

21. In the fifth paragraph of my Report on the Account for the year 1866-7, I observed that accounts of the expenditure of the Provincial Post Offices had not been rendered to this department; and I have to report, that the accounts of these services for the year 1867-8 have not been rendered to, or subjected to any examination by, this office; but, in accordance with directions contained in a letter from the Lords Commissioners of the Treasury, of the 22nd October 1868, the examination of the accounts of the Provincial Post Offices, by officers of this department at the General Post Office, has commenced; and the Vote for Provincial Post Offices for the year 1868-9 will be duly examined.

22. In the sixth paragraph of my Report on the Account for 1866-7, on the subject of the application of void money orders, or other public moneys not voted by Parliament, I referred to the report of the late Commissioners for Auditing the Public Accounts on the Post Office Appropriation Account for 1865-6. No decision having been arrived at on this subject, either in the Treasury Minute, or in the Report of the Committee on Public Accounts, I have deemed it right again to refer to this point.

23. The amount to be surrendered to the Exchequer, as the savings on the Vote, will be, as stated in the account, 77,195*l.* 14*s.* 9½*d.*

NON-EFFECTIVE SERVICES.

24. With reference to the Non-Effective Services of the Revenue Departments, I have to observe that the charge of 23*l.* 2*s.* 4*d.* under the head of Superannuations (A.) should be included under Compensations (B.) of the Inland Revenue Department, and that certain sums, amounting to 1*l.* 1*s.* 8*d.*, overpaid, have been credited to Revenue instead of to the Vote.

The head A., Superannuations, should, therefore, be 152,515*l.* 3*s.* 5½*d.*, instead of 152,539*l.* 7*s.* 5½*d.*; and the head B., Compensations, should be 24,679*l.* 16*s.* 1½*d.*, instead of 24,656*l.* 13*s.* 9½*d.*, as shown in the account; and the amount to be surrendered to the Exchequer, after deducting the sum of 1*l.* 1*s.* 8*d.* above mentioned, will be 3,363*l.* 9*s.* 8½*d.*, instead of 3,362*l.* 8*s.* -¾*d.*, as shown in the account.

25. The following is a summary of the accounts of the Non-Effective Services of the Revenue Departments, showing a comparison of the expenditure with the amount of the Estimates of each of the three Services.

The totals show, by these accounts, a balance or saving on the Grant of Parliament to be surrendered to the Exchequer of 14,338*l.* 12*s.* 11½*d.*; but, by the addition of the sum of 1*l.* 1*s.* 8*d.* on the Inland Revenue Account before-mentioned, the balance to be surrendered to the Exchequer should be 14,339*l.* 14*s.* 7½*d.*

Treasury Chambers, Whitehall, }
9 February 1869.

COPY of TREASURY MINUTE, dated 20th February 1869, on the foregoing Reports of the Comptroller and Auditor General.

MY Lords read the Reports of the Comptroller and Auditor General, dated the 13th and 15th ultimo, on the Appropriation Accounts of the Grants included in the various Classes of the Civil Services for the year 1867-8, and on similar Accounts of the Revenue Departments for the same year, prepared and transmitted to this Board in pursuance of the Act 29 & 30 Vict. c. 39.

My Lords have also before them Abstract Accounts, prepared in this office, showing the corrected amount of Expenditure properly chargeable against the Grants reported upon, and the amounts of the unexpended balances or deficiencies arising upon the same.

The Comptroller and Auditor General states in his Reports, that Appropriation Accounts have been rendered to him of a certain portion only of the Grants for Civil Services, that *cash* Accounts have been rendered to his office, and examined, in respect of certain other Grants (which Accounts, he states, call for no special remarks), and that with regard to the remainder no Accounts have been received in his office.

The whole of the Civil Service Grants for the current year, 1868-9, will, however, be submitted to an appropriation audit in the office of the Comptroller and Auditor General.

The Appropriation Accounts of seventeen of the Grants in Class I. are reported upon, and the Accounts of five others have been examined as Cash Accounts.

CIVIL SERVICE
GRANTS.

The only question raised in the Report which calls for observation relates to the proceeds of building materials on the site of the New Courts of Justice.

CLASS I.

These moneys have been carried to a separate account by direction of the Treasury, pending a decision as to their disposal.

The Appropriation Accounts of four Grants in Class II. are reported upon.

CLASS II.

The Cash Accounts of nineteen others in the Class have been examined by the Comptroller and Auditor General.

Some slight inaccuracies, resulting in a deficiency of charge against the Vote of 14 *s.* 6 *d.*, are pointed out in the Account of the Vote for the Board of Trade.

Board of Trade.

In the case of the Stationery Office Account, attention is called to a pension which is charged against the Vote. Provision for this pension will be made in the ensuing year's Estimate for superannuations, to which it properly belongs.

Stationery and
Printing.

The other Accounts in this Class do not call for any observation.

No Appropriation Accounts of any of the Grants in Classes III., V., and VII., have been rendered to the Comptroller and Auditor General. Cash Accounts, however, of twenty-three of the Grants in Class III, eleven in Class V., and five in Class VII, have been examined by him.

CLASSES III., V.,
and VII.

Appropriation Accounts of two Grants only in Class IV. have been rendered; viz., Education, Great Britain, and the Universal Exhibition at Paris in 1867. Cash Accounts of twelve of the remaining Grants in this Class have been examined by the Comptroller and Auditor General.

CLASS IV.

An error of charge in the Appropriation Account of the Education Department is pointed out, a payment on account of stamps issued to the department being charged to the year of account, although not entirely defrayed until after its close.

Education, Great
Britain.

With regard to the Account of the Grant for the Universal Exhibition at Paris (which is carried back to the commencement of the Service in 1865-66), the Comptroller and Auditor General states, that in consequence of the imperfect manner in which the Accounts rendered have been classified, and of the introduction of numerous temporary transactions, it has been very difficult to ascertain the net amount of actual final expenditure correctly chargeable against the Vote.

Exhibition at Paris.

He calls attention to various errors of charge and classification, and to the absence in some cases of proper vouchers and authorities; and he declares himself unable to certify to the correctness of the Account.

Transmit to the Vice-President of the Committee of Privy Council on Education a copy of so much of the Report of the Comptroller and Auditor General as relates to this Account, and request that my Lords may be furnished with explanations as early as possible on the various points adverted to by the Comptroller and Auditor General.

Also request that an Abstract Account may be prepared and transmitted to this Board, showing, in each year, the totals, under the various heads, of the Receipts and Payments included in the Accounts reported upon by the Comptroller and Auditor General, in order that the same may be laid before the House of Commons (in place of the voluminous details which have accompanied the Report).

In Class VI. the Appropriation Accounts of two Grants only are reported upon; viz., Merchant Seamen's Fund Pensions, and Relief of Distressed British Seamen.

CLASS VI.

Cash Accounts have been rendered and examined in respect of nine other Grants in the Class.

Merchant Seamen's
Fund, Pensions.

The Comptroller and Auditor General is unable to certify to the correctness of the Account of the Grant for Merchant Seamen's Fund, Pensions, in consequence of no evidence having been furnished to him that the expenditure which is defrayed by the War Office on behalf of the Board of Trade has been allowed by the Accounting Department.

With regard to the Account for Relief of Distressed British Seamen, the Comptroller and Auditor General states that no receipt has been produced for a sum of 1 *l.* 4 *s.* 10 *d.* He therefore thinks that this sum should be deducted from the amount of the Excess which has arisen on the Grant.

Transmit to the Board of Trade copies of so much of the Reports of the Comptroller and Auditor General on Classes I. and VI. as relate to the Accounts of that department, and request that my Lords may be furnished with any observations thereon which they may have to offer, with as little delay as possible.

REVENUE
DEPARTMENTS.

The Comptroller and Auditor General points out that the authority of this Board has not been obtained for the application of the savings under certain sub-heads to make good certain deficiencies under other sub-heads of the Estimates of the Revenue Departments. My Lords are of opinion that in future the sanction of this Board should be sought for by the Revenue Departments in such cases where such application of savings may be required.

CUSTOMS.

No observations are necessary on the Account of the Customs Department further than that my Lords concur in the view that the sum of 27 *l.* 18 *s.*, paid out of the Customs Vote on account of the Post Office, should, on repayment, have been carried to the credit of the Vote, and not of Revenue.

INLAND REVENUE.

In the Report upon the Account of the Inland Revenue Department, numerous errors of classification and charge are pointed out by the Comptroller and Auditor General. My Lords concur in the observations of the Comptroller and Auditor General as to the necessity of requiring receipts from assessors and collectors of taxes for the amounts of poundage paid to them; but, on the grounds stated, they sanction their being dispensed with in support of the Accounts up to those of the year 1868-9 inclusive.

POST OFFICE.

In reporting upon the Post Office Account, the Comptroller and Auditor General states that he last year called attention to the subject of the appropriation of void money orders, that no decision having been arrived at on this subject, either in the Treasury Minute on his Report, or in the Report of the Select Committee on Public Accounts, he again adverts to the subject.

[See Parliamentary
Paper, No. 81 of
1868, page 4.]

The Treasury Minute of 14th February 1868, stated that their Lordships would cause inquiry to be made, and the subject was accordingly referred to the Postmaster General.

No reply, however, has, as yet, been received from the Postmaster General.

Let the unissued balance of the Grant for Superannuations of the Revenue Departments for 1867-8* be surrendered, and let the several sums shown in the Abstract Statement herewith, as unexpended balances of certain other of the Grants reported upon, be surrendered out of the respective Grants.

Let Votes be submitted to the House of Commons to make good the Excesses of Expenditure which have arisen upon the other Grants, as shown in the Abstract Accounts.

My Lords will deal with the unexpended or deficient balances of the Grants for the Paris Exhibition and for Merchant Seamen's Fund, Pensions, when such explanation or information shall have been supplied by the Accounting Departments as will enable the Accounts to be finally closed.

Acquaint the Paymaster General of the sums surrendered on account of the Grants for Civil Services and for Superannuations, &c., of the Revenue Departments.

Transmit copy of this Minute, and of the Abstract Accounts prepared in this office, to the Comptroller and Auditor General, for his information.

Also, to the Commissioners of Customs, the Commissioners of Inland Revenue, and the Postmaster General, and to the several other departments whose Appropriation Accounts have been reported upon.

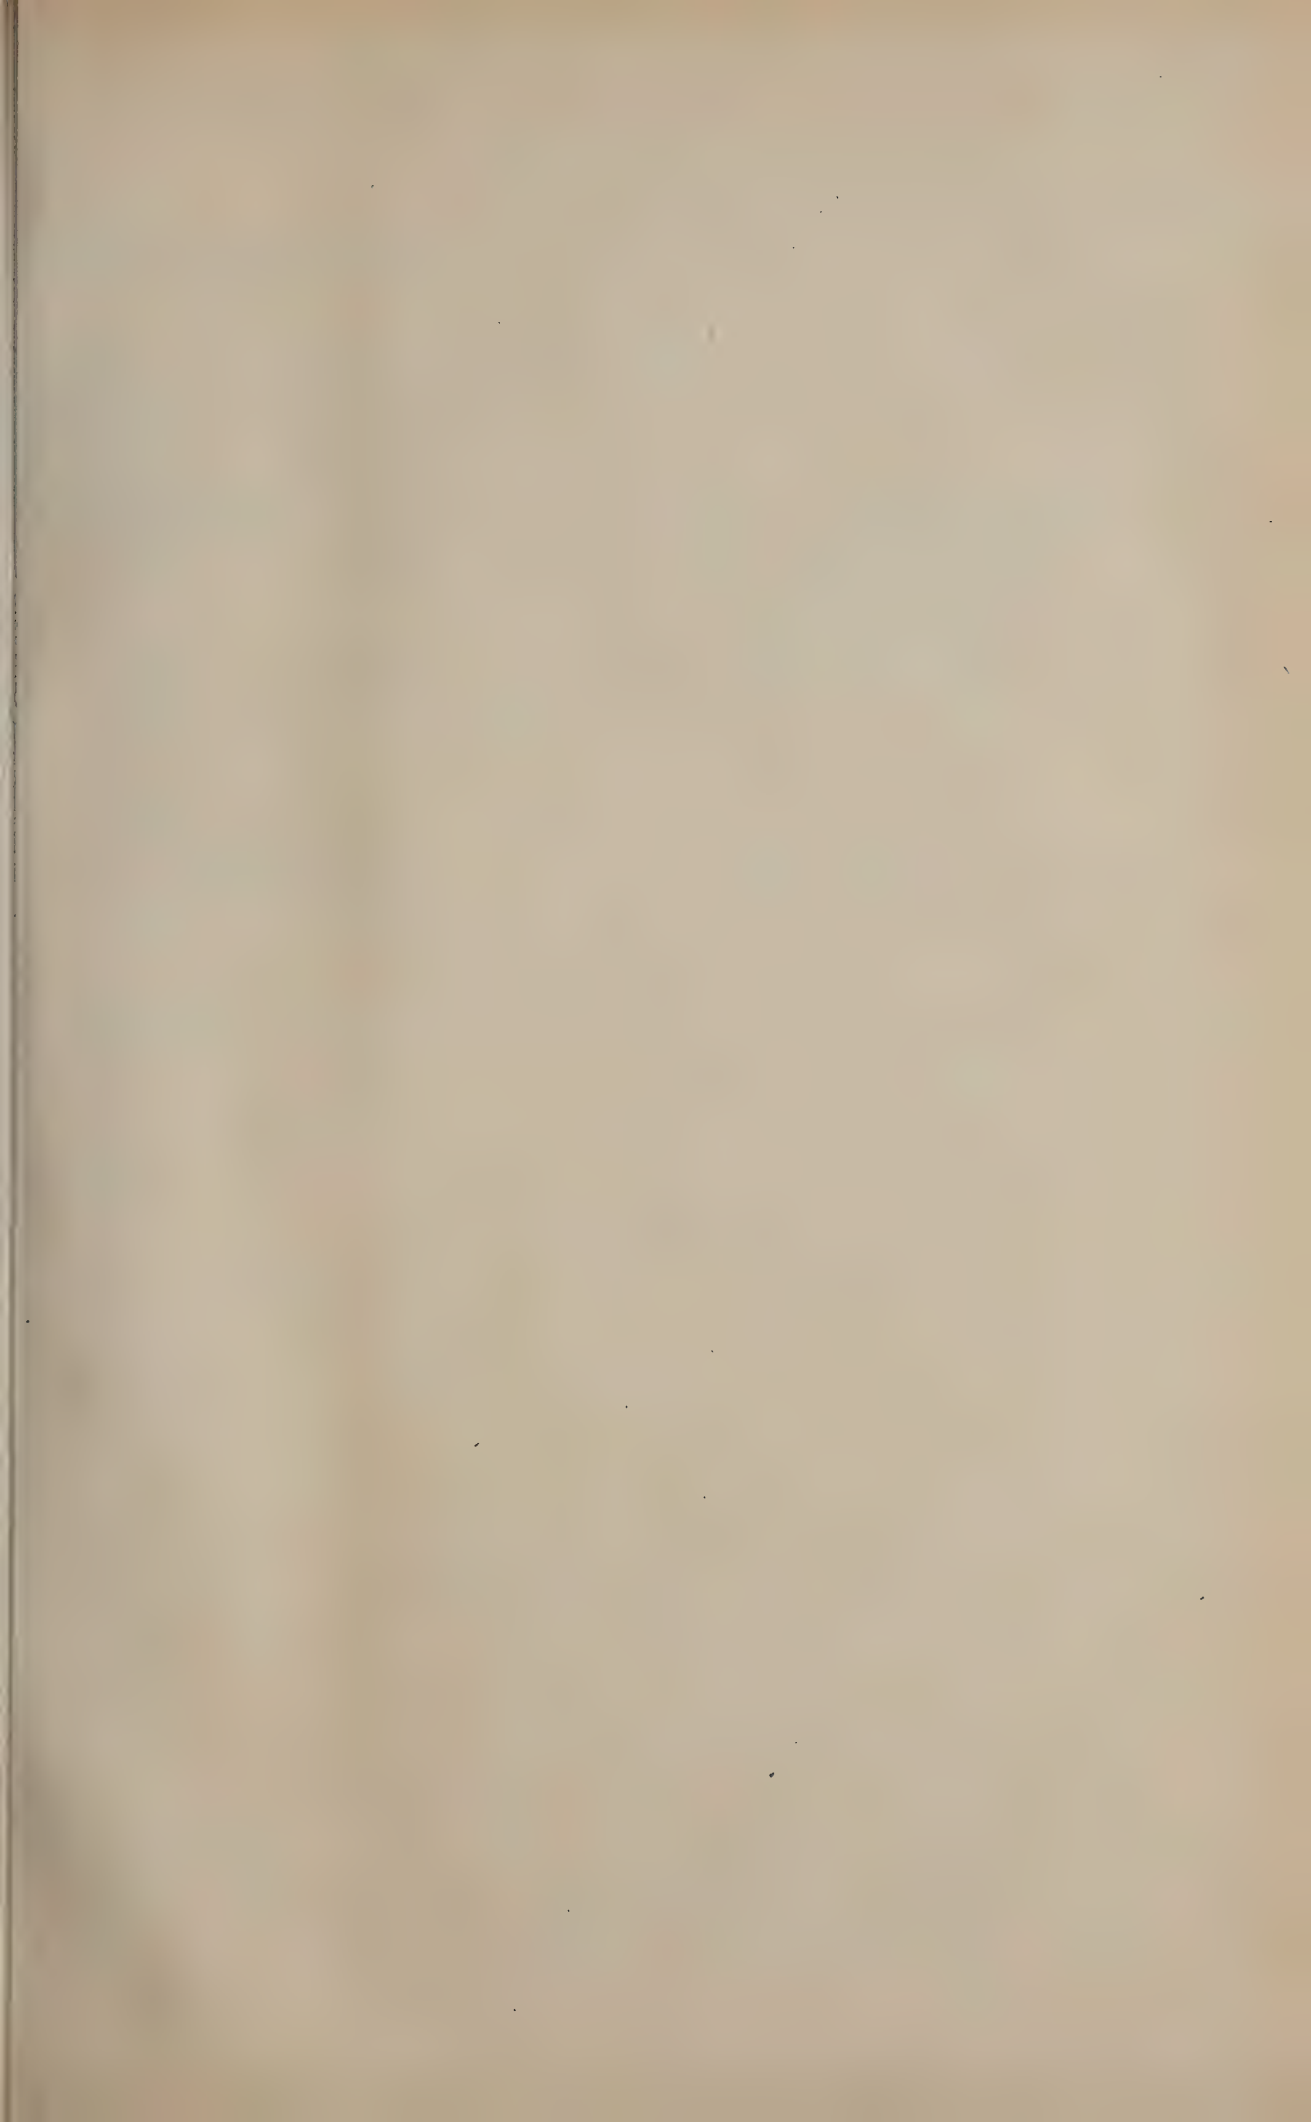

State to the departments where such balances exist that the unexpended balances of the Grants accounted for by them are to be written off in their books.

Call the attention of the Commissioners of Inland Revenue to the numerous errors in their Account, as reported by the Comptroller and Auditor General.

State to the Postmaster General that no reply appears to have been received to the reference contained in the Treasury Letter of the 28th March 1868, on the question of the appropriation of void money orders, referred to in the 6th paragraph of the Comptroller and Auditor General's Report on the Post Office Account for the year 1866-7.

Let the Accounts and the Reports of the Comptroller and Auditor General be laid before the House of Commons, together with a copy of this Minute, and of the Abstract Accounts herewith.

* The sum of 14 *l.* 1 *s.* 8 *d.*, over-issued on account of the Superannuations, &c., of the Inland Revenue Department, having been already repaid to the Exchequer (though under the head of Revenue), no further adjustment of this amount need be made.

JAMES STANSFELD.

(*Mr. Stansfeld.*)

Ordered, by The House of Commons, to be Printed,
9 August 1869.

M E M O R A N D U M .

OF the following Returns the one relates to the Estimates for such Civil Services as were, at the periods to which they relate, submitted to the House of Commons; the other relates to actual expenditure. Precedence is given to the latter as the more important; for, apart from the wide margin which may exist between estimated and actual expenditure, there have been large disturbing causes within the period comprised in these Statements, which make it impossible to arrive at any just conclusion as to the real increased cost of the Civil Service of the State by reference to the Estimates only.

The very great and continuous changes which have affected the public accounts as regards Civil Expenditure between the years 1853-4 and 1868-9—by transfers from the Gross Revenues to the Consolidated Fund, and from the Gross Revenues, the Consolidated Fund, and Fee Funds, &c., to the annual Estimates, and by revised classification of the Estimates themselves—have made it exceedingly difficult to exhibit an exact comparison of this part of the public expenditure, while no reliable conclusion whatever can be indicated by a mere collation of figures taken from the public accounts of the period to which they relate.

(p. 3.) In order, therefore, to an accurate view of the progress of the Civil Expenditure of the period in question, the following account has been made to embrace the entire area of services within which these changes have taken place. It includes the total amounts issued from the Exchequer, or paid out of the Revenue in its progress to the Exchequer, in each financial year, for all public services exclusive of the National Debt, of the Army and Navy, and of Redemption of Hereditary Pensions; and comprises what may be called all Civil Government charges; viz., the Civil List, the various services issued directly out of the Consolidated Fund, the Miscellaneous Civil Services provided for by annual Grants, the management and collection of the Revenue, and the Post Office and Packet Services.

It must be borne in mind that prior to 1868-9 the public accounts of expenditure for Civil Services are necessarily founded upon the issues made from the Exchequer to provide for such expenditure.

For the year 1868-9 the whole of the Miscellaneous Civil Service Grants were for the first time submitted to an appropriation audit, and complete accounts of the actual payments in respect of the services thus provided for were laid before the House of Commons.

This account of expenditure, and the details and explanations which follow it, as to the increase of expenditure in 1868-9, compared with 1853-4,* have been prepared with the utmost care. They furnish as closely approximate and exhaustive a statement as it is possible to give. The classification of the Finance Accounts and Estimates of the year 1868-9 has been adopted as a standard of comparison. For this reason, and for the causes previously adverted to, the figures will, of course, not correspond with the printed accounts of any prior period.

* A summary of the principal variations of expenditure in the two periods will be found on pages 24 to 26. See also the observations which follow that statement.

I.—RETURN of the Total Aggregate Amount payable for CIVIL SERVICES in each Year from 1853 to 1869, both inclusive, out of the Consolidated Fund, Votes of Parliament, the growing Revenue, or otherwise.

NOTE.—This statement includes the expenditure for all public services, except the National Debt, the Army and the Navy, and certain payments for the Redemption of Hereditary Pensions.—[See Memorandum on p. 2.]

„ 1867	15,346,976	11	1		
„ 1868	16,076,960	18	—		
„ 1869	16,810,628	9	6	This is the amount of the actual payments made in the year, so far as relates to all Voted Services (as per audited appropriation accounts). The amount of the Exchequer issues in the year was 16,987,945 <i>l.</i> 2 <i>s.</i> , which includes certain issues on account of the deficiencies of Grants for a former period.	

It will appear from this statement that the Expenditure in the year 1868–9 has exceeded that in the year 1853–4 by 4,968,888 *l.* 8 *s.* 6 *d.* Of this apparent increase, however, a considerable proportion is due to the principle which has now been generally carried out of providing in the annual Estimates for the full amount of the Salaries and Expenses of Departments which were formerly defrayed, wholly or in part, out of Fees and other Receipts; the total amount of such Fees, &c., and the proceeds of Fee Stamps, being now paid into the Exchequer as Revenue. The increased Receipts from these sources, therefore, in the year 1868–9, as compared with 1853–4, should be abated from the above nominal amount of increase.

The following is an Abstract Statement of the result:—

The Total Expenditure shown in the foregoing Statement for the year 1853-4 was thus distributed in the accounts of that year :—

Paid out of Grants for Navy Services (Year to 31st March)	-				848,171	15 9
				£.	11,841,740	1 -

The following Statement (pages 6 to 19) gives the detail of the foregoing Abstract.

The amounts in Column 4, include Fees, Fee Stamps, and such other miscellaneous receipts by the Departments as may fairly be taken in diminution of the actual cost of the Service to the tax payer.

With regard to a large number of Services, particularly those of the various Law Courts and other Legal Departments, in which certain of the Salaries, &c. are charged directly upon the Consolidated Fund, it is not strictly accurate to assign the whole of the increased receipts from Fees, &c., in diminution of that part only of the Expenditure which is provided for by Votes. It has been impossible, however, to make any distribution of these Receipts between the two branches of Expenditure.

But to meet this objection, and at the same time to exhibit a more comprehensive and precise comparison in these cases, a Statement is appended (pages 20 to 23), which shows the total increased Cost of the various Services and Departments, from whatever source defrayed, after abatement of the total increased Receipts.

It has to be noticed with regard to the expenses of the Public Departments, as stated in the following details, that in 1853-4 the cost of Postage was in many cases provided for in the Votes of the respective Departments. In later years a separate Vote was taken for the aggregate amount to be paid to the Post Office Revenue for the Postage of the whole of the Public Departments; while in 1868-9 this provision was entirely discontinued, and the expense was borne by the Post Office.

The result has, of course, been to apparently diminish, in 1868-9, both the Incidental Expenses of the various Departments, and the Gross Revenue realised by the Post Office.

As this has in some cases a material effect upon the comparison of actual Expenditure which immediately follows, a statement is appended (at page 30) of the estimated amount which, under the previous practice, would have been added to the Civil Expenditure in 1868-9 on account of Official Postage, and of the result of the change as regards the Expenditure of the Departments specified.

		(a) See Note (b) below.
		(b) This increase is almost wholly due to transfers of the expenses of buildings which were formerly provided for in other Votes. The principal items, and their previous distribution, are about as follows:—Customs, 14,000 <i>l.</i> ; Post Office, 2,000 <i>l.</i> ; Royal Parks, 8,000 <i>l.</i> ; Harbours, 14,000 <i>l.</i> ; Dublin Police, 10,000 <i>l.</i> ; Constabulary, 7,000 <i>l.</i> ; Prisons, 7,000 <i>l.</i> ; Education, Ireland, 17,000 <i>l.</i> ; Science and Art Department, 7,000 <i>l.</i> The comparison, in the case of these services, is therefore correspondingly affected.
(c) 27,031 16 2	42,402 18 4	(c) The increased receipts in respect of this class of services consist of proceeds of the sale of old materials, rents, grazing rents, &c., which cannot be allotted in detail.
		(d) Of this amount 65,274 <i>l.</i> 1 <i>s.</i> 11 <i>d.</i> relates to the Post Office, and 4,850 <i>l.</i> 13 <i>s.</i> 3 <i>d.</i> to the Inland Revenue Department.

85,322	13	1	57,708	2	9	The Estimate for 1853-4 provided for the three Commissions in one total. This sum (214,494 £.) is so nearly the actual amount of the issues in the year, that the distribution of the Estimate, as nearly as it can be stated, may be useful for the purpose of comparison. It was as follows:—England, 151,573 £.; Scotland, 14,290 £.; Ireland, 48,631 £.

698,708	8	10	771,038	6	2	The entire re-arrangement of the classification of the Estimates for these services, renders it impossible to make a satisfactory comparison in detail. The expenditure in 1868-9 includes upwards of 147,000 <i>l.</i> on account of Reformatories, &c., for which service only 3,000 <i>l.</i> was provided in the Estimates for 1853-4; so that the increase may be said to arise wholly under this head. It should also be noticed that the value of the labour of convicts employed by the Naval and Military Departments (which is of considerable amount) represents, <i>pro tanto</i>, a diminution in the charge against public funds, as here stated, in respect of these services. See also Note (b), p. 11. The Exchequer Issues in the year 1853-4, for Colonial Convict Services, were in re-payment of advances from the Treasury Chest on account of the expenditure of the preceding year. The actual expenditure in 1853-4 (repaid from the Exchequer in the next year), was 322,162 <i>l.</i> 1 <i>s.</i> 3 <i>d.</i> There was, therefore, a considerable decrease in 1868-9.

14,248	11	11	156,482	9	—	Superannuation abatements ceased in 1857. In the statement at pp. 20 to 23, which shows the total expenses of certain departments, the expenditure for superannuations is included. The increase under this head, as shown here, is in that statement therefore almost wholly distributed amongst the offices to which it applies. This service was first voted in 1853-4 (the cost having been previously defrayed out of funds since paid into the Exchequer), and the issues in that year did not represent a full year's expenditure. There has not therefore been any real increase, but on the contrary a decrease, since 1853-4, in the annual charge under this head. Included in Navy Accounts in 1853-4 (Year to 31 March). These allowances are no longer voted.

STATEMENT of TOTAL SALARIES, EXPENSES, and NON-EFFECTIVE CHARGES of certain DEPARTMENTS in 1853-4 and 1868-9.

The following is a re-constructed comparison in the cases of certain Departments, the expenses of which are divided under various Heads in the preceding Statements. *It relates to those Departments only*, and brings together both Effective and Non-Effective Charges—that is, Salaries, Expenses, Compensations, and Superannuation Allowances, whether charged on the Consolidated Fund or on the annual Grants.

The distribution of the Issues out of the Superannuation Vote in the Year 1853-4 has been necessarily based upon the *Estimates*, the total of which, however, in this instance sufficiently approximates to the amount of the actual Issues. It has further been impossible to assign to the respective Departments the amounts abated from Salaries, and paid to the Exchequer in the Year 1853-4, on account of the Superannuation Fund.

The Departments are stated in the present order of the Civil Service Estimates; but it will be understood that the figures no longer relate exclusively to Expenditure provided for by annual Grants.

The Political Civil Pensions charged on the Consolidated Fund are excluded, because they cannot be correctly assigned to particular Departments. The Judicial Pensions and Compensations are, of course, included under the Heads of the Courts of Law to which they apply.

Approximate Total real Increase of Civil Expenditure between 1853-4 and 1868-9 } (including the Post Office Department and Packet Service) - - - - - }			* £. 2,918,000.	

* These amounts differ from those shown at p. 4, in consequence of the omission, from this final Summary and Abstract, of certain items which do not represent an actual increase or decrease of expenditure in the period (as the Patent Office, Convicts in the Colonies, part of Civil Contingencies, &c.).

(a) If the expenses of Buildings of the Revenue Departments were excluded, p. 11, notes (b) and (d), this head would exhibit a decrease of 16,000.

(b) Adding the cost of Maintenance of Buildings, New Works, &c., referred to in Notes (b) and (d), p. 11, the increase in 1868-9 is as follows: Customs and Inland Revenue, 281,000*l.*; Post Office and Packet Service, 908,000*l.*

It will be noticed that the preceding figures include a large increase on account of the Post Office and Packet Services. But although it is usual to class the expenditure for those services as a part of the cost of collecting and managing the Revenue, the Post Office is not strictly a Revenue Department; that is, it does not simply assess and collect taxes. It administers a service which produces a profit in aid of the Revenue, and the increased expenditure for this service merely represents the increased cost of conducting a much larger business, and thus realising a much larger profit. The following figures will make this clear:—

	1853-4.	1868-9.
	£.	£.
Total Post Office Receipts - - - - -	2,522,679	4,944,600
Total Expenditure for Post Office and Packet Services (including erection and maintenance of buildings) - - - - -	2,239,320	3,492,460
NET PROFIT realised in aid of the Revenue derived from Taxes - - - - - } £.	283,359	1,452,140

INCREASED PROFIT realised in 1868-9 - - - £. 1,168,781.

Deducting, therefore, from the statements of Civil Expenditure the amounts which relate to the Post Office Department, the total real increase of Civil Expenditure between 1853-4 and 1868-9, is 2,950,000 £.; and this, as will have been noticed, is mainly due to the cost of improved administration of the law, the extension of public education, and the prevention and repression of crime; while some portion consists of a mere transfer from local to Imperial taxes.

It may be of interest, in conclusion, to compare, for the two years 1853-4 and 1868-9, that part of the Revenue which may be said to represent the produce of general taxation; and also that part of the aggregate public expenditure to provide for which such general taxation may be said to have been levied.

The former, therefore, excludes the receipts derived from the Crown Lands, the Post Office, and Miscellaneous Sources, and so much of the Stamps Revenue as was derived from fees taken in Courts of Law and other Departments for services rendered. The latter is exclusive of the Civil List,* the Post Office and Packet Services, and the amount of Civil Expenditure provided for by Fees, Fee Stamps, and Miscellaneous Receipts.

The comparison of expenditure will probably be of greater interest from the circumstance that the year 1853-4 was the one immediately preceding the interruption of the long period of Peace, and the large increase of Naval and Military Establishments consequent upon the War with Russia,

It will be seen that while that portion of the public expenditure which is supposed to be provided for by general taxation, had increased in 1868-9 (almost wholly under the head of Naval and Military Services) by more than 15,000,000 £., the increased burden which fell upon the general tax payer was little more than half that sum.†

* In 1868-9 so much only of the Civil List Expenditure is excluded as is equivalent to the Revenues of the Crown Lands paid into the Exchequer in the year.

† The total income from all sources, however, in 1868-9, fell short of the total Public Expenditure (excluding Fortifications) by 2,380,824 £.; the additional taxes imposed to provide for the extraordinary expenditure on account of the Abyssinian Expedition not having been wholly collected within the year.

* The Income Tax for the year 1853-4 was at 7 d. in the £. upon incomes of 150 l. and upwards, and at 5 d. upon incomes of 100 l. and less than 150 l. For 1868-9 the rate was 6 d. upon all incomes of and above 100 l., with exemption to the amount of 60 l. in respect of incomes under 200 l. The actual receipts in those years were partially derived from the assessments for the preceding years, which were at different rates.

2. Including the sums above referred to, and the estimated capital value of Terminable Annuities in Three per Cent. Stock - - - - - }	£.808,436,861	£.805,480,164

The amount of the debt in 1868-9, as last stated, of course includes the capital remaining unpaid of the money raised by the creation of Terminable Annuities between 1861 and 31 March 1869 on account of Fortifications; the total amount thus raised being 5,555,000 *l.*

[For amount paid for Interest and Management of the Debt, *see* preceding page.]

* The rate of taxation, as thus stated, was therefore only 6 *d.* per head more in 1868-9 than in 1853-4; although the expenditure to be provided for on account of the ordinary Naval and Military Services alone (excluding the Abyssinian Expedition) had increased in the same period by more than 9,000,000 *l.*

† Based upon the assessments for each year.

STATEMENT (referred to on page 5) of the Amount of the Charge for Official Postage, as Estimated by the Post Office for the Year 1868-9; which, under the system previously followed, would have been included in the Civil Expenditure of that Year.

The total estimated charge for Postage for 1868-9 (formerly borne on the Civil Service Estimates), was 190,010*l.*; of this amount about 58,000*l.* related to the Naval and Military Departments.

The following details apply to those Departments only which are included in the preceding comparison of Civil Expenditure in the years 1853-4 and 1868-9, and show the effect of the charge upon that comparison.

[*Note*.—To avoid unnecessary repetition those Departments are omitted in which the charge for Postage amounted to a less sum than 500*l.*]

	Increase or <i>Decrease</i> of Expenditure in 1868-9, as shown in preceding Statement.	Estimated Charge for Postage in 1868-9, not brought to Account in that Year as Civil Expenditure.	Increase or <i>Decrease</i> of Expenditure in 1868-9, resulting from the addition of the Estimated Charge for Postage.

II.—RETURN showing the Total Amount of the VOTES of PARLIAMENT for CIVIL SERVICES in each Year from 1853 to 1869, both inclusive, with STATEMENTS exhibiting the several Causes of INCREASE and DECREASE in each Year.

N O T E.

It seems desirable to repeat here, as explained on page 2, that the following Statements deal only with the sums voted to provide for *estimated* expenditure; and that they comprise only the particular services which, year by year (during a period of progressive change), were submitted to the House of Commons in the Civil Service Estimates.

They do not therefore represent the expenditure even of the limited services which they include; nor, indeed, do the figures in many cases approach to the amount of actual expenditure in the year; for it has frequently happened that the service provided for has not been carried out, sometimes not commenced, in the year for which the provision was made. The original Grant, or the balance of it, may have been surrendered, or the power to draw upon it may have lapsed; and the Estimates of a subsequent year have therefore provided a second time for the cost, or remainder of the cost, to be incurred.

* The apparently great variation in the amount of particular Votes for this Year is due to a re-arrangement of charges among them : see following note.

† In former years certain charges were borne on the following Votes :—

Class III. Inspection and General Superintendence of Prisons.
 " Prisons and Convict Establishments at Home.
 " Maintenance of Prisoners in County Gaols, &c.
 " Transportation of Convicts.

These charges have now been re-arranged and are voted under the following heads :—

Class I. Public Buildings, Ireland.

Class II. Home Office.

" Chief Secretary, Ireland.

Class III. Government Prisons, England, and Transportation.

" Broadmoor Criminal Lunatic Asylum.

" Prisons, Scotland.

" Constabulary of Ireland.

" County Prisons.

" Government Prisons and Reformatories.

" Dunderum Criminal Lunatic Asylum.

" County Prisons and Reformatories, Great Britain.

The sum here shown as an increase on "Votes reconstructed," represents, therefore, the net result of these changes as it affects Class III. To separate the part of this increase which arises from these changes from that which results from increased charges, would require a long and intricate statement.
